This course can be used more than once in a student's schedule if they are participating in more than one PBL course.</p>

PHILOSOPHY	4224401*	909999	This course looks at philosophy through the lens of humanity's ultimate questions, challenging students with some of the best responses from history's greatest thinkers while, more importantly, helping students to discover their own. Who am I? What is truth? What is the key to happiness? What happens after death? All of these questions and more will be pondered and discussed.	Central High Magnet Career Academy Atherton High
INTERNATIONAL STUDIES ABROAD	4225401*	909999	Through a mix of online learning, immersion study, and post project creation, the International Study Abroad course builds independence and self-reliance by asking students to advocate for themselves using the in-country support systems offered to them for preparation as a global citizen. The course of study fosters resourcefulness and adaptability by exposing students to new ways of living and thinking and encourages students to reflect on their own backgrounds through the lens of the culture and attitudes of the host country. Credit for this course can only be earned by students participating in school/district approved international travel programs.	Dupont Manual High
PHOTO JOUR	4235051*	909999	Photo Journalism is an elective designed to give the student practical experience in news photography, layout, and design.	Dupont Manual High Louisville Male High

CAREER OPTIONS - LEVEL I	4521434*	909999	Grade Level: 9-12. Description: Career Options is a course at the secondary level focusing on orientation to careers. Course content includes orientation to 14 career cluster, employability skills, self-management and work ethics. Opportunities are provided for development of problem solving, decision making and reasoning through school and work-based learning experience. Content: Career Options. This number is for use with the TECHNICAL programs.	Pleasure Ridge Park High Central High Magnet Career Academy Marion C. Moore School Valley High

CONDUCTING	4831171*	909999	Prerequisites: Music teacher recommendation. This conducting course will be designed for junior and senior level YPAS majors (in the areas of instrumental music, vocal music, and piano especially) to learn conducting technique, rehearsal technique, group dynamics/psychology, score study, and a solid foundation of music history and theory as it relates to the repertoire studied and to successfully conducting an orchestra, band and chorus.	Dupont Manual High
VOCAL DEVELOPMENT 1	4831211*	909999	Prerequisite: None. Vocal Development is an entry-level instruction in music fundamentals music reading vocal technique and repertoire. Maximum individual instruction time is provided. Art songs and specially selected ensemble literature are used. Critical analysis and problem solving, collaboration, and musical skills and understandings are developed through rehearsal and performance experiences, and/or creating and performing students' own compositions. The student selected for this class understands that all extra rehearsals and performances are required in agreement with District guidelines. (The number of commitments varies and directors should give advance information concerning performances and extra rehearsals.)	Dupont Manual High
VOCAL DEV 3	4833211*	909999	This course is designed to extend the fundamentals of singing and musicianship presented in vocal Development 1 to the repertoire of Opera. Students will be exposed to a survey of the classical operatic canon and they will have the opportunity to perform scenes from operas appropriate to their vocal development. They will focus mostly on opera from the early Baroque through the Classical. Students will demonstrate appropriate style in singing recitative arias and ensembles. Students will also be exposed to the dramatic aspect of opera through character study and staging. Students will also watch and critique live and video recorded opera. Critical analysis and problem solving, collaboration, and musical skills and understandings are developed through rehearsal and performance experiences, and/or creating and performing students' own compositions.	Dupont Manual High
VOCAL DEV 4	4834211*	909999	This course is designed for students to attain mastery of their vocal technique through laboratory teaching. Students will be instructed further in the fundamentals of vocal pedagogy and how to teach in practical settings. Students will study works of current and past pedagogues and learn how to apply this information to their own teaching. Students will develop a portfolio of vocal exercises and repertoire that they will be able to use in their practicum and beyond. Students will be expected to teach as a part of the YPAS Vocal Academy. Critical analysis and problem solving, collaboration, and musical skills and understandings are developed through rehearsal and performance experiences, and/or creating and performing students' own compositions. SENIOR SEMINAR	4907891*	909999	This course would serve as an opportunity for seniors to research, create, and practice their senior defenses for their Backpack of Skills. There would also be time allotted for guest speakers, career/college lessons, and additional backpack work.	
			Lead2Feed is a project based leadership development program aligned to CCSS and 21st century skill development. Based on the leadership from David Novak's book, <em>Taking People with You</em>, Lead2Feed teaches students to lead, create, and implement team projects designed to meet a need in their community. Students also learn project management, decision-making, and team work in addition to developing financial skills and communication skills. Teams can also win grants based on their project design and success. Participation in this course will require work outside of the school day organizing and implementing service projects in the community. To us this course as a performance-based credit, students must participate in the team service project which should take place outside of school hours. Teachers must register for the program on Lead2Feed.org and principals should notify Curriculum Management.

SCIENCE FAIR		909999	Manual MST Magnet students conduct yearly in-depth study/research on a topic of choice, and craft a project of significant value to the field of study. The primary goal of the course is to provide students with research exploration of a specific topic of interest to the individual student and use data analysis to demonstrate statistical significance. Students will also present their research either in the Science Fair Competition or to the Science fair Panel. This course is Performance-Based and requires independent research and work outside of the regular school day.	DuPont Manual High School
