(1) Provide a brief summary of:

(a) What this administrative regulation does: 704 KAR 3:440 provides guidelines for schools and districts to address methods for verifying successful completion of the primary school program.

(b) The necessity of this administrative regulation: KRS 156.070(1) requires the Kentucky Board of Education (KBE) to manage and control the common schools and all programs operated in the schools. KRS 156.160(1) requires the KBE to promulgate an administrative regulation establishing standards that schools and districts shall meet in student, program, service, and operational performance. KRS 158.031(2) requires the KBE to promulgate administrative regulation addressing the methods for verifying successful completion of the primary school program in carrying out the goals of education as described in KRS 158.6451. This administrative regulation implements that duty relative to the primary school program attributes, eligible students, curriculum, instructional strategies and methods for determining successful completion.

(c) How this administrative regulation conforms to the content of the authorizing statutes: KRS 156.070(1) requires the Kentucky Board of Education (KBE) to manage and control the common schools and all programs operated in the schools. KRS 156.160(1) requires the KBE to promulgate an administrative regulation establishing standards that schools and districts shall meet in student, program, service, and operational performance. KRS 158.031(2) requires the KBE to promulgate administrative regulation addressing the methods for verifying successful completion of the primary school program in carrying out the goals of education as described in KRS 158.6451.

(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: This administrative regulation assists schools and districts by providing guidelines and methods for verifying successful completion of the primary school program for students prior to entrance into fourth grade. Amendments to the regulation also provide alignment to updated statutory requirements that impact the primary school program.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:

(a) How the amendment will change this existing administrative regulation: 704 KAR 3:440 requires amendments to reflect accurate statutory and regulatory language and references as currently provided in law. Amendments to Section 1 provide updated definitions to conform to current statute governing instruction for students prior to entrance into fourth grade in addition to drafting requirements provided under KRS

Chapter 13A. Amendments to Section 3 are non-substantive in nature and align to KRS 158.031. Amendments to Section 4 align to current statutory requirements for reading and mathematics instruction as provided in KRS 158.305, KRS 158.791, KRS 158.840 and KRS 158.8402. Amendments to Section 5 remove outdated burdensome reporting for schools and districts that is not statutorily required.

(b) The necessity of the amendment to this administrative regulation: To avoid expiration, KRS 13A.3104(1)(a) requires the KBE to review the regulation in its entirety for compliance with current law governing the subject matter of the administrative regulation. Upon review of 704 KAR 3:440, amendments were identified in order to conform to current statutory requirements which impact students enrolled in the primary school program.

(c) How the amendment conforms to the content of the authorizing statutes: 704 KAR 3:440 requires amendments to accurately reflect statutory and regulatory language and references as currently provided in law. KRS 156.070(1) requires the KBE to manage and control the common schools and all programs operated in the schools. KRS 156.160(1) requires the KBE to promulgate an administrative regulation establishing standards that schools and districts shall meet in student, program, service, and operational performance. KRS 158.031 requires the KBE to promulgate administrative regulation addressing the methods for verifying successful completion of the primary school program in carrying out the goals of education as described in KRS 158.6451. Amendments to Section 1 provide updated definitions to conform to current statute governing instruction for students prior to entrance into fourth grade in addition to drafting requirements provided under KRS Chapter 13A. Amendments to Section 3 are non-substantive in nature and align to KRS 158.031. Amendments to Section 4 align to current statutory requirements for K-3 reading and mathematics instruction as provided in KRS 158.305, KRS 158.791, KRS 158.840 and KRS 158.8402.

(d) How the amendment will assist in the effective administration of the statutes: The amendments allow schools and districts to reference language provided within that aligns with current statutory requirements as it relates to the methods for verifying successful completion of the primary school program.

(3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: Schools and districts are affected by this administrative regulation.

(4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:

(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment: The entities identified above in question (3) are not required to take any further action. To avoid expiration, KRS 13A.3104(1)(a) requires the KBE to review the regulation in its entirety for compliance with current law governing the subject matter of the administrative

regulation. Upon review of 704 KAR 3:440, amendments were identified in order to conform to current statutory requirements which impact students enrolled in the primary school program.

(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3): Local schools and districts will not be impacted by any additional costs as a result of the amendments to 704 KAR 3:440.

(c) As a result of compliance, what benefits will accrue to the entities identified in question (3): Local schools and districts benefit from 704 KAR 3:440 as it provides guidelines and methods for verifying successful completion of the primary school program in carrying out the goals of education as described in KRS 158.6451. The amendments provide schools and districts with accurate alignment to related statutes that have been recently updated, including KRS 158.305, KRS 158.791, KRS 158.840 and KRS 158.8402.

(5) Provide an estimate of how much it will cost the administrative body to implement this administrative regulation:

(a) Initially: There are no initial costs anticipated to the Kentucky Department of Education in implementing the administrative regulation except in cases where technical assistance is requested by schools and districts.

(b) On a continuing basis: There are no continuing costs anticipated to the Kentucky Department of Education in implementing the administrative regulation except in cases where ongoing technical assistance is requested by schools and districts.

(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: State and district funds.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: There will be no increase in fees and additional funding will not be necessary to implement the amendments to the administrative regulation.

(8) State whether or not this administrative regulation establishes any fees or directly or indirectly increases any fees: This regulation does not establish any fees or directly or indirectly increase fees.

(9) TIERING: Is tiering applied? Tiering was not appropriate as the administrative regulation applies equally to all schools and districts operating a primary school program.

(1) Identify each state statute, federal statute, or federal regulation that requires or authorizes the action taken by the administrative regulation: KRS 156.070, 156.160(1), KRS 158.030(2), KRS 158.031(2), KRS 158.305, KRS 158.791, KRS 158.6451, KRS 158.840 and KRS 158.8402.

(2) State whether this administrative regulation is expressly authorized by an act of the General Assembly, and if so, identify the act: KRS 156.070(1) requires the Kentucky Board of Education (KBE) to manage and control the common schools and all programs operated in the schools. KRS 156.160(1) requires the KBE to promulgate an administrative regulation establishing standards that schools and districts shall meet in student, program, service, and operational performance. KRS 158.031(2) requires the KBE to promulgate administrative regulation addressing the methods for verifying successful completion of the primary school program in carrying out the goals of education as described in KRS 158.6451.

(3)(a) Identify the promulgating agency and any other affected state units, parts, or divisions: KBE and Kentucky Department of Education (KDE).

(b) Estimate the following for each affected state unit, part, or division identified in (3)(a):

1. Expenditures:

For the first year: Any expenditures are expected to be minimal.

For subsequent years: Any expenditures are expected to be minimal.

2. Revenues:

For the first year: This regulation is not expected to generate revenue.

For subsequent years: This regulation is not expected to generate revenue.

3. Cost Savings:

For the first year: No cost savings are anticipated.

For subsequent years: No cost savings are anticipated.

(4)(a) Identify affected local entities (for example: cities, counties, fire departments, school districts): Local schools and districts.

(b) Estimate the following for each affected local entity identified in (4)(a):

1. Expenditures:

For the first year: There are no expected costs to schools and districts in the first year as a result of the amendments to the regulation.

For subsequent years: There are no expected costs to schools and districts in subsequent years as a result of the amendments to the regulation.

2. Revenues:

For the first year: This regulation is not expected to generate revenue.

For subsequent years: This regulation is not expected to generate revenue.

3. Cost Savings:

For the first year: No cost savings are anticipated.

For subsequent years: No cost savings are anticipated.

(5)(a) Identify any affected regulated entities not listed in (3)(a) or (4)(a): None.

(b) Estimate the following for each regulated entity identified in (5)(a):

1. Expenditures:

For the first year: Not applicable.

For subsequent years: Not applicable.

2. Revenues:

For the first year: Not applicable.

For subsequent years: Not applicable.

3. Cost Savings:

For the first year: Not applicable.

For subsequent years: Not applicable.

(6) Provide a narrative to explain the following for each entity identified in (3)(a), (4)(a), and (5)(a):

(a) Fiscal impact of this administrative regulation: For the KDE, any expenditures are expected to be minimal. The regulation is not expected to generate revenue and no cost savings are anticipated.

(b) Methodology and resources used to reach this conclusion: For the KDE and local school districts, there are no amendments to 704 KAR 3:440 that would result in new costs. Regulatory amendments conform to statutes which are already established in law and have been implemented by local schools and districts.

(7) Explain, as it relates to the entities identified in (3)(a), (4)(a), and (5)(a):

(a) Whether this administrative regulation will have a "major economic impact", as defined by KRS 13A.010(13): The administrative regulation is not expected to have a major economic impact on the KDE or local schools and districts.

(b) The methodology and resources used to reach this conclusion: For the KDE and local school districts, there are no amendments to 704 KAR 3:440 that would result in a major economic impact. Regulatory amendments conform to statutes which are already established in law and have been implemented by local school and districts.
