TOPIC: Capital Funds Request – Various Schools Repairs and Services

PREPARED BY: Heidi Reihing, Director of Maintenance and Myron Thompson, Chief Operating Officer

Recommended Action on: 8/18/2025
Action Item for Vote (REGULAR MEETING)

Superintendent Prior Approval: Yes

Recommendation/Motion: A motion is in order utilize \$1,910,125 in Capital Outlay Funds for maintenance contracts to service schools.

Background/Rationale: The district has 75 schools totaling 6,000,000 square feet. These facilities vary in age and condition with ongoing maintenance required for heating, ventilating, and air conditioning (HVAC), plumbing, electrical, roofing, and other general maintenance needs. In April 2022, the Board of Education adopted a resolution pertaining to HB 678 that provides greater flexibility to local boards of education related to the funding, financing, design, construction, renovation, or modification of facilities. To save general fund dollars for instructional purposes, restricted capital funds can be applied to facility needs. Funding is necessary to provide timely repairs that enhance student achievement and ensure a safe and secure environment for students, staff, and visitors. The use of restricted fund sources from capital funds for school plant maintenance and repair requires Board authorization. Staff recommends allocating \$1,910.125 in Capital Outlay Funds for maintenance contracts to service schools.
