RE: North Bullitt High School JROTC Obstacle Course Request **DC**

The North Bullitt JROTC Program is requesting the modification of the North Bullitt campus in order to accommodate the JROTC Advanced Obstacle Course, built by Obstacle Builders. This Advanced Obstacle Course equipment will allow cadets and the entire JROTC program to increase their physical fitness levels. The design of the Advanced Obstacle Course will enhance their Raider Team, increase participation in the JROTC program, combined with promoting a healthy, productive lifestyle. The North Bullitt JROTC program will utilize the Advanced Obstacle Course for conditioning; Raider events, weekly physical events for the JROTC program, and preparation for JROTC Cadet Leadership Course. The North Bullitt JROTC program is requesting to have the Advanced Obstacle Course housed behind the CCR gym along the perimeter of the practice fields. The funding source for this project will be CTE funds.

I recommend approval of this request.
