

Special Education and Preschool Board Report

July 2025

1. Little Lions Camp and Me and My School programs are going well. There are 10 students enrolled in Me and My School, and 10 students enrolled in Little Lions Camp. The students are learning and growing every day.

Mrs. Melville stated all students in MMS have memorized their parents phone numbers and each student was able to call a parent and let them know. She stated they all know their address as well and are currently working on memorizing their birth dates.

2. Mrs. Scott, Ms. Ware and I attended the Elevate Your Classroom Conference June 6-10th. We came home with so many new ideas to implement with our Southgate students.

3. Our preschool screening date is scheduled for August 18th. The purpose of screenings is to identify students who have potential delays in their communication, cognitive, social emotional or motor skills.

4. Paraeducators will be attending the 2025 Summer Paraeducator Institute on July 23 & 24th at NKCES.

5. I am looking forward to working with the Southgate Board of Education and Special Education Staff in the 2025-2026 School Year to provide our students with special needs with the things they need to make them successful and reach their full potential!
