**Positive Developments
and Highlights**

The University of Kentucky continues to be an amazing host site with cooperating staff to make the experience the best for the student-athletes of Kentucky. Even this year without a video board, they made sure to have one available for our event.

**Championship
Update/Review**

Attendance was down about 400 from 2024. The biggest downward trend was class 2A and I suspect the rain/storms kept some fans away. Overall, was still a great 3 days with lots of records broken.

**Officials
Update/Review**

We continue to have some of the best officials in the country. After our state meet, several of our licensed officials were selected to attend several National level meets. We continue to work together well with them and the coaches association.
