**Takeaways to help
Board and Staff**

My attendance at this meeting provided me with ample information updates about the sports & sport-activities I manage. There were many good discussion topics and I was able to connect with other staff across the country about managing sports. Good discussion that led to new ideas for Kentucky and the Association.

General Commentary

Thanks for the opportunity to attend on behalf of the KHSAA. It was an absolute pleasure to serve as the emcee for the 2025 National High School Hall of Fame Ceremony and I appreciate the support shown from the staff and Board members.
