NFHS National Student Leadership Summit

**Takeaways to help
Board and Staff**

Along with Assistant Commissioner Bridenbaugh, we accompanied 16 students to attend the four day event in Indianapolis. There were 211 students from 34 states and the countries of Canada and Honduras along with 65 adults at the event.

This provides an opportunity for the KHSAA Student Advisory Group to attend and grow as leaders. Areas of topics include relationships, future planning for post high school and money management, leadership skills, self evaluation and social media use. The students were again afforded a unified sports opportunity. I managed the Corn Hole station and Ms. Bridenbaugh was in the gym helping the students with their basketball skills.

This events helps train our student leaders to then be able to help plan and execute our HYPE Conferences. In addition we utilize these leaders for our Sportsmanship Videos and other campaigns such as thanking officials as well as establishing a group project. It also helps educate and brand the Association to the group about who we are and what we do and why.
