RE: Jamf School Renewal

I ask for permission to continue using Apple iOS and Mac OS device management software, Jamf. This software has helped us refine our inventory efforts and reduce waste for these devices. Coupled with the Apple School Manager software, Jamf has made it possible to manage devices properly and allocate appropriate apps to staff, teachers, and student devices.

Currently, we have a combination of 890 Mac OS and iOS devices in our district. This number varies, but it has increased recently. The quote is for 1200 devices, which provides us with a sufficient buffer for any unexpected increases in demand.

We've now used Jamf alongside Apple School Manager for 4 years and have used it successfully to manage software and increase security on iOS and Mac devices. We have also successfully reduced the number of old devices that can no longer get the proper security updates from just over 3000 to 890. This has saved the district over \$12,000 over time.

Thank you!

OUR MISSION IS TO INSPIRE AND EQUIP OUR STUDENTS TO SUCCEED IN LIFE

BULLITT COUNTY PUBLIC SCHOOLS IS AN EQUAL EDUCATION AND EMPLOYMENT INSTITUTION
