Winter Swimming

**Positive Developments  
and Highlights**

Centre College has graciously agreed to host swim regionals for Regions 6, 8, and 9. With the recent closure of several facilities across the state, they have been extremely accommodating in working with our schools to provide access during the two-week regional window.

**Championship  
Update/Review**

Regional sites and dates for swimming are currently being finalized by the host schools. This year, regional dive will be held at Scott High School on January 20–21 for all schools. Unlike previous years, the use of this facility will come at no cost to participating schools. State First Round sites have also been confirmed, pending final approval from the Board. Those events will be held at Bowling Green High School (Regions 1-3), the University of Louisville (Regions 4-6), and Scott High School (Regions 7-9).
