Subject: Goshen Fundraisers

Good morning! Goshen PTO has two fundraisers that we need to add for this year. The first one is for selling personalized bricks to make a pathway in front of the school. This will be a general fundraiser for them, however most of the proceeds will go toward purchasing new classroom furniture. This will most likely be a multi-year fundraiser for the PTO. Our plan is to start laying the bricks around our current gazebo and then over time as we continue to sell bricks the goal is to create a walkway from our existing sidewalk to the gazebo as there currently is not a path to get to the gazebo.

The second one was just an oversight that it was left off as it is something the PTO does every year. It is a fundraiser for a 5th grade legacy gift. Throughout the year, the students/staff can pay a \$1 to participate in different dress up days and the proceeds from all of the days go towards some sort of legacy gift to the school that our 5th grade student council agrees upon. (Two years ago, the gift was a set of shoe scrubbers to brush the mud off shoes near our playground doors, last year it was a set of benches for the playground.)

Let me know if you need anything else from me to get these approved.
