Dear Dr. Compton,

My name is Donavan. I just moved from my dads house in Meade County to Bullitt County schools. I didn't like living with my dad. It was mentally draining and we were constantly arguing so I packed my things and left. I have never liked school but I still try my hardest to graduate and make good grades because I know education is important. I want to graduate early so I can take my skills outside of school to work.

I would like to go to the union for welding. I'm already putting in applications for welding. I moved in with my mom and it isn't a long term thing. I would like to start working full time so I can get my own place to live.

Thank you for your time and consideration. I am excited about the next steps in my life and hope this explanation is enough to gain your support for my petition to graduate early.

Sincerely,

Donovan O'Bryan

Oct. 2nd, 2025

Dear To Whom It May Concern,

I hope this message finds you well.

My name is Riley Lang, and I am currently a senior student at Bullitt Central High School. I am writing to formally request consideration for early graduation due to my current personal and financial situation. I am 18 years old. I am career ready through Welding at our ATC and also certified in HVAC.

I am facing significant challenges in my living situation, as I do not have parental support and am fully responsible for supporting myself. Managing my basic needs, working to afford living expenses, and balancing school has become increasingly difficult. Graduating early would allow me to transition into full-time work or other stable opportunities that could help me move toward long-term independence and stability. I am committed to meeting all academic requirements necessary for early graduation and am willing to discuss any options or steps I need to take to make this possible. I currently work for J & E Trucking and Excavating. I will work for Green King lawn Care in Berrien Springs, Michigan. I plan to move as soon as I graduate. I have \$42.00 an hour, a gas card and a Business truck waiting for me.

Thank you for taking the time to read this and for your understanding. I would be grateful for the opportunity to meet and further discuss this request at your earliest convenience.

Sincerely,

Riley Lang

To Whom It May Concern

My son Virgile Nkurikiyumukiza is wanting to graduate early.
He will turn 19 next September.

We are concerned about him being older and still being in
high school. We support Virgile graduating early to seek future
employment as a young adult.

Sincerely,

A handwritten signature in black ink, consisting of a stylized 'D' followed by a horizontal line and a diagonal stroke.

Dr. Compton

I hope you are doing well. I just want to state by saying that I'm thankful for the opportunity to speak with you about my academic plans. My name is Virgile, and the reason I'm interested in graduating early is because I want to enter the workforce sooner and begin building my future. I believe graduating early will give me the chance to gain real world experience, become more independent, and start working towards my long term goals outside of school. I feel that this opportunity wouldn't just help me, it's helping my parents as they are getting older and needing more help around the house. And again thank you for this opportunity.

Thank you for your time and support as I work toward this opportunity

Sincerely,
Virgile

Hello,

My name is George Robinson, currently a student at the Bullitt County Alternative school in Shepherdsville, Kentucky. I am writing this letter because of my desire to graduate early. I am 18 years old, I am currently employed, I work part time at AVI (Amazon Warehouse). I would like to go over my academic history, and to tell you about my academic progression, who mentored me with my grades and how they helped me improve and finally explain my career plans after high school.

My academic history started a little bumpy. I am the youngest of my family and my dad was in the Army. We moved to a different state every four to six years from the time I was born. We moved from Middletown, Ohio to Massachusetts when I was 3. I spent my preschool and early years in Leominster, Massachusetts school district. After four years we moved to Charleston, West Virginia. This was a tough time for me, mostly because of the accent from living up north. Notably I dropped my r's when I spoke. My parents put me in an IEP program to help me catch up. After my first year in West Virginia. My parents decided to hold me back for a year. Because of our moving and the academic differences from the school districts. That same year I had 3 different teachers during my 2nd grade year, I struggled. After about 5 years in Charleston, West Virginia, we moved to Louisville, Kentucky where I attended Cedar Grove elementary where I met some really good friends, that are still part of my life today. They had a huge impact and helped me fit in. This was when my mom became a bus driver for Bullitt County. I really enjoyed my 5th grade year and do not remember any academic issues however I was never an "A" average student. I attended Bernheim middle school and again I did well with my academics but always remained a C average. After many discussions with my dad this was when I began to start looking at my grades more aggressively. When I became a high school freshman, I began my career at Bullitt Central High School. I was a member of the band (marching) and did take part in other school activities and classes. Like Future farmers of America, Theater and aerospace (all the way up to junior year). However we moved from Shepherdsville to Bardstown, Kentucky during my freshman year and my mom became a bus driver in Bardstown. I decided to attend Nelson County high school at the end of my freshman year. I spent the last part of that year at Nelson County schools. While being a student at Nelson County high school, I started to place my schoolwork as a priority over friends and video games. I learned the value of discipline from several Nelson County teachers. Nelson County High School was the academic boost I needed. However, I missed my friends in Bullitt County, so after the first part of that year I went back to Bullitt Central High school. I maintained a C average, but I struggled in some of my classes. I finished the year at Bullitt Central high school. My Junior year I went back and attended Nelson County high school, where we still lived. This time, my grades greatly improved (B+). My senior year, my parents divorced, and we moved back to Shepherdsville, Kentucky. I am currently a student at Bullitt County Alternative school and have met my requirements to graduate. My biggest mentors was my airplane teacher, Sgnt. Pfost my aerospace teacher, at Nelson County schools and Mrs. Bishop my agriculture teacher at Nelson County

schools. Mr. Cilleti my AP United States History teacher would sometimes assign extra responsibilities and require me to do extra on all my paperwork assignments. I stayed after class and helped with new students and helped Sgt. Pfost prepare for activities. Mrs. Bishop, my agriculture teacher, assigned me extra assignments, which allowed me to work them out before coming to her for any help. When I came to her, she always joked with me and kidded with me and she kept pushing me to do more. My last mentor was my mom and dad. They worked with me and pushed me from since I was little to never give up, do the right thing and always learn from mistakes not only my mistakes but from the mistakes of others. During my time at Nelson County high school, I was able to take a college course class and completed it.

After High School I plan to enroll into the University of Louisville and attend the ROTC program and enlist into the Army after I earn my 4 year undergrad degree. I would like to serve my country like my dad. Everyday I want to be better than the day before and strive to get better than 2.5 G.P.A. My goal is to become that "A" student my mom and dad always pushed me to become, through hard work and discipline.

In conclusion, I am requesting to graduate early and be enrolled into college in the spring. I know I'll won't graduate with my senior class, but the benefit of starting college will help me and give me the benefits of not taking any time off. I have met my requirements to graduate; I have a focus and a plan. I would like to follow in my dad's footsteps and serve my country. My hard work will be dedicated to my academics and always put my schoolwork first, it will be hard work, making sure I maintain a "B" average or higher GPA. I will continue to put my academics above my friends and games. I am taking my grades and academics seriously. Please consider this letter and allow me to graduate early. Thank you for all you do!

Hello,

My name is Jody Robinson, and I am the legal guarding, biological mother of George Robinson. I am recommending my son and support his desire to graduate early so he can attend the University of Louisville. I understand that his high school years have been disrupted but he has met some amazing friends and teachers along the way. While George attended Nelson County High school, he had a few teachers that gave him great advice and guidance. I am proud of George because of the obstacles he has faced and overcome. Currently George has a plan for his future and I have endorsed his plan and I do endorse his decision to graduate early. He is wanting and ready to continue his education. If the board allows him to graduate early, there is no doubt he will continue his education and eventually reach his goals. I am requesting that the school board grant him a path forward to let him pursue his goals without having to wait. Please contact me with any additional questions. Thank you for your time.

Sincerely,

To Whom This May Concern.

This letter is from George Robinson, and I am the parent of Georgie Robinson. This is a letter of endorsement for him to graduate early and begin his college career. He wants to attend Louisville and would love to have a chance to start early. Georgie has shown that he has matured enough and has become a well-rounded leader among his friends. Georgie is trustworthy and a hard-working young man at home and at his place of employment. Georgie takes on responsibilities and works on his shortfalls. I support his desire to finish his high school years so he can begin what will be a promise of a successful future due to his hard work, dedication and discipline. Thank you so much for your time.

Sincerely,

George Robinson (Father)
