

## Fleet Head Office End-of-Life Notification

**Dear Fleet Head Office Customer,**

At Gasboy, we are committed to delivering best-in-class hardware and software solutions that empower our customers through continuous innovation and exceptional service. As part of our ongoing efforts to evolve our product offerings and align with the latest technological advancements, we are announcing the **End-of-Life (EOL)** for the **Gasboy Fleet Head Office software**.

### **Background:**

The Gasboy Fleet Head Office software has served as a centralized solution for managing fleet fueling operations. Over the years, it has supported a wide range of customers in streamlining their fuel management processes. However, as technology and customer needs have evolved, so has our product strategy. Most of our new customers have already transitioned to **Gasboy EKOS**, our next-generation cloud-based fleet management platform. EKOS offers a more modern, scalable, and secure solution that better meets the demands of today's fleet operations.

### **Why EKOS?**

Gasboy EKOS provides several key advantages over Fleet Head Office, including:

#### **Hosted Solution Advantages**

- Eliminate IT costs associated with hardware and system management
- Automatic Data archiving and redundancy
- Seamless Software upgrades + always on the newest version
- Unlimited users and reduced user management since the system is web enabled
- Implementation of entire software system can be done remotely by the Gasboy team
- Online help with advanced tooltips and screencast tutorials for users

#### **Enterprise Platform Advantages**

- Browser neutral and works on desktops and mobile
- Web based and accessible from any smart device
- Unlimited users, roles based, with user-controlled preferences on views

**Effective 8/1/2025** the Gasboy Fleet Head Office software will no longer be available for new customers

- Single site and multi-site licenses will no longer be available.
- V7 upgrades will no longer be available.
- 5-site upgrades will continue to be available for existing customers.

**Effective 12/31/2025** the Gasboy Fleet Head Office software will no longer be available for existing customers

- 5-site upgrades will no longer be available for existing customers.

### **Product Support**

- Technical support, software updates, and security patches will continue to be available through **12/31/2028**.

We understand that transitions like this can be challenging, and we are here to support you every step of the way. Our team is available to help you explore alternative solutions within the Gasboy ecosystem that meet your current and future fleet management needs.

### **Next Steps:**

1. **Review your current usage** of the Fleet Head Office software.
2. **Contact your Gasboy Commercial Account Manager** or our support team to discuss migration options or alternative solutions.
3. **Plan your transition** to ensure continuity and minimize disruption to your operations.

We appreciate your continued partnership and thank you for trusting Gasboy as your fleet management solutions provider. If you have any questions or need assistance, please don't hesitate to contact us.
