Additional Comments:

This is the second year that we have had this club at Crofton Elementary and the students that were in it last year learned valuable life lessons. We do not only just raise money to give back to the community; but we also had the club ringing the bell for the Salvation Army, helped a mission trip pack supplies, and made fruit baskets and delivered them to the elderly in the Crofton Community and at Woodland Heights. We plan to do these activities this year and also have them serve at the soup kitchen for the Salvation Army.
