Dear Brigid:

This year the NFHS and its partner, LRG, launched the NFHS Licensing Program. The program was designed to provide a new revenue stream for high schools generated from royalties collected on school identified merchandise sold at national and regional retailers. We are happy to report that, in its first year, this unprecedented program has been very successful.

The measure of that success is represented in the enclosed check. The total amount of this check represents the revenue due to the state association and the royalty revenue for each individual school as noted on the enclosed spreadsheet. The royalty due to each school should be distributed in the form of a check from the State Association. A program description letter in addition to a license agreement are attached and should accompany each check.

As with all new programs, especially one of this size and scope, it has not been exempt from unpredicted challenges. Please note there may have been schools in your state that opted-out of the program after product was distributed to retailers. In those cases, LRG will forward any royalty due directly to the school. Please be assured that once a school provided opt-out notice, no additional product was shipped and those schools will remain on the opt-out list in the future.

We are confident the future of the NFHS Licensing Program has endless opportunities and growth potential to provide greater revenue to all participating schools.

As always, please feel free to contact me should you have any questions or comments.

Sincerely,

A handwritten signature in black ink that reads "Dick Welsh".
