

Teaching and Learning

10-27-25

We have started setting up with the College Board in the district. It will be a different experience. There will be reading and math sections, with science and social studies content incorporated.

The KSA results were received into the district on Thursday, 10-23-25. All information is embargoed until November 17th, but those with appropriate status and a signed non-disclosure form can be a part of the conversation.

We have developed an advanced coursework policy that is required to be in place by December 1. This was mandated in the 2025 legislative session.

CSIP/CDIP processes have begun. The next benchmark date is November 1, for trauma plan, safety report and the needs assessment.
