Attendance on Behalf of KHSAA

Attendance for KHSAA

**Meeting_Session
Attended**

NFHS Section 2 Meeting

**Takeaways to help
Board and Staff**

This meeting is an opportunity to meet with peer state associations in this general region (DE, MD, OH, PA, VA, WV, KY, and DC) to exchange ideas and share best practices as it relates interscholastic athletics. This year , there was substantial discussion around DQs and the required suspension periods accross sports. There were also discussion on transfers and officiating that all related in some way to current ongoing matters in our Association.

General Commentary

This is a worth while investment in the Association time and reseources as attendance always generates discussson in our offices as to what we might consider from other states have implemmented recent changes. It also often illustrates why we continue to operate in certain areas the way we do. Thank you for the opportunity.
