AGENDA ITEM (ACTION ITEM):

Consider/Approve the agreement with College Board to administer the PSAT10 (Preliminary SAT) exam for sophomores in the Kenton County School District (KCSD), approximately 1,141 exams, for the Spring of 2026.

APPLICABLE BOARD POLICY:

1.11 General Powers of the Board

HISTORY/BACKGROUND:

In the late fall of 2025, the Kentucky Department of Education (KDE) announced its decision to administer the SAT to all juniors as the state assessment used as one indicator to measure Post Secondary Readiness. This administration will start in the spring of 2026. Therefore, in the spring of 2026, KCSD would also like to administer the PSAT10 to the sophomores. The PSAT10 is an opportunity for KCSD students to demonstrate Transition Readiness. With the implementation of the PSAT10 in 10th grade, sophomores will have additional time for interventions before the end of students' senior year, allowing more students to reach benchmarks. The PSAT10 is developmentally appropriate for 10th graders, with a lower maximum score of 1520, as opposed to the maximum score of the SAT of 1600. The price is set at \$18.00 per student, with a discount provided of \$4,651.86 due to the volume of tests being purchased. This is an approximate total cost of \$15,886.14. College Board will only charge the district for the actual amount of tests administered and scored.

FISCAL/BUDGETARY IMPACT:

\$15,886.14 from the Assessment Budget

RECOMMENDATION:

Approval to the agreement with College Board to administer the PSAT10 (Preliminary SAT) exam for sophomores in the Kenton County School District (KCSD), approximately 1,141 exams, for the Spring of 2026.

College Board's College and Career Readiness Educational Services

With the Covered Assessments, College Board shall provide the following educational services to help students navigate post-secondary and career pathways and to help K-12 educators and counselors serve their students' needs (collectively, "Educational Services").

"App" refers to a College Board mobile application, BigFuture® School, that students age 13 and older can download from the App Store to access Educational Services. The App is only available for students taking the SAT School Day, PSAT/NMSQT, PSAT 10 and PSAT 8/9. "BigFuture School" as used herein refers to the Educational Services provided on the App (including in-App notifications if the student elects to turn on those notifications) and potential other channels such as through a website portal exclusively for the Educational Services.

SCORE INFORMATION: In BigFuture School, students may access their scores and other score information (collectively, "Score Information") for College Board assessments including scores received by students on Covered Assessments. For SAT School Day, Score Information will include career readiness indicator(s) derived from the student's scores and the U.S. Department of Labor/Employment and Training Administration Occupational Information Network (O*NET), mapping the math, reading, and writing skills measured by the SAT to the qualitative and literacy skills for occupations in O*NET.

RECOMMENDATIONS: In BigFuture School, College Board may provide students with educational information and recommendations about college and career options including, for example, AP Potential, postsecondary options and opportunities, career pathways, scholarships, National Recognition Program potential eligibility, financial aid and paying for college information, and opportunities to participate in College Board research studies (collectively, "Recommendations"). In providing and customizing Recommendations, College Board may use score ranges, career readiness indicators as provided in their Score Information for SAT School Day, and student information collected in connection with Covered Assessments and through students' use of Educational Services. In the Recommendations, College Board may include third-party links to other sites that are not operated by us, including colleges, universities, scholarship organizations, and career information sites. College Board is not responsible for the content or operation of other websites, and links to other websites are not intended to imply endorsement of them by College Board.

CONNECTIONS*: Connections is available to students taking the SAT School Day, PSAT/NMSQT, and PSAT 10. Connections is a College Board program through which students are provided information about non-profit colleges, universities, nonprofit scholarship providers, and other government agencies administering educational programs ("Eligible Institutions") and may receive preliminary offers of admission from nonprofit colleges and universities ("Participating Colleges"). Information provided to students is based on criteria provided by those Eligible Institutions and Participating Colleges and student information and interests. This may include:

- student interests, demographics, students' use of Educational Services, and other information collected by College Board during Covered Assessment(s) for which the student opts-in to Connections;
- students' interests and preferences (such as through user controls within the App, through engagement in BigFuture School, and any updates students make to their information in their use of Educational Services);
- assessment score ranges the student received on past and future SAT, AP, PSAT/NMSQT and PSAT10 assessments; and
- for preliminary offers of admission from Participating Colleges, assessment score ranges the student received on past and future SAT assessments may be used, and race and ethnicity will not be used.

College Board never shares students' personally identifiable information with Eligible Institutions or Participating Colleges as part of Connections.

Connections is entirely optional, and students must affirmatively opt-in and agree to College Board's use of their information as described above for Connections if they wish to participate. Unless an LEA or a school directs College Board to exclude its students from Connections (as further described below), students can opt-in during Covered Assessment(s) or in the App and may be able to do so through other channels. If a student opted-in to Connections during a prior SAT School Day, PSAT/NMSQT, or PSAT 10 assessment pursuant to an agreement with their school, district, or state, Client acknowledges and agrees to use of the student's information from Covered Assessment(s) under this Agreement in Connections, with notice of the same and opportunity to opt-out presented to any such students during the Covered Assessment(s).

Students can opt-out of Connections at any time using any of the multiple ways provided, including, an opt-out feature within the App, an unsubscribe option from Connections emails, opt-out instructions included in each mailing, and by contacting College Board's customer service. Students can also choose to remain in Connections but opt-out of individual communications channels (emails, hardcopy mailings, and in-App).

Opted-in students may receive information from and about Eligible Institutions and Participating Colleges in the App (including in-App notifications if the student elects to turn on those notifications), by hard copy mail, and by email, subject to the student providing their home address, email, and/or downloads the mobile application, all of which data elements are optional. Eligible Institutions and Participating Colleges do not know the identity of a student to whom information is delivered unless and until the student chooses to provide their personal information directly to the Eligible Institution or Participating College, which the student can only do outside of the App and outside of the Educational Services. A student may be able to link from the App, email, or QR code in a mailing to further content within BigFuture School or to an external webpage or webform hosted by that Eligible Institution or Participating College. Any preliminary offer of admission will include a school-specific website link through which the student may share their information directly with the Participating College, after which the Participating College may inform the student about any next steps to enroll as well as to be considered for any financial aid. College Board may track students' access to such links/webpages for purposes of reporting and analytics, but College Board will not disclose such information to Eligible Institutions or Participating Colleges other than in de-identified and aggregated form.

Content provided to students through Connections is created by Eligible Institutions and Participating Colleges and may include text, images, videos, and interactive elements. While Connections may be personalized by College Board (e.g., student name at the top of an email) through automated means, College Board is not responsible for and does not create, edit, or approve of the Content. Notwithstanding the foregoing, College Board may send a communication to the student alerting them that information through Connections is forthcoming and/or available in BigFuture School for them to access.

For students who receive a preliminary offer of admission, there is no guarantee of admission, scholarships, or financial aid and it may require them to complete additional steps to accept the offer as defined by the Participating College(s). The Participating College(s) may also require confirmation of information it relied upon in making a preliminary offer of admission, such as requiring the student to submit their final transcript to complete the admissions process. Each Participating College makes the decision on preliminary offers of admission. College Board is not involved in any of the selection or decision making by the Participating College(s).

*Not offered in New York at this time. There may be other exclusions.

College Board also uses that information in Educational Services, as described above, and to communicate with students about their Covered Assessment(s) and the Educational Services. For students who use the Educational Services, they may be able to update this information within the Educational Services, if they so choose. **All questions are optional.**

- Whether the student is a U.S. citizen (for students testing outside the United States)

To use the App, College Board will provide a secure method for the student to access and authenticate their identity using information collected about them in connection with the Covered Assessment(s) and Educational Services. This may include Client providing student information for this purpose, including, for example, student email address, students providing a mobile number during the administration of the Covered Assessment with their phone number then being used to authenticate into the App, and/or Client providing an access code to each student. By providing their mobile number, the student authorizes College Board to text them to download the App, authenticate into the App, and about their scores, including when their scores are available for Covered Assessments. College Board does not use mobile numbers collected during Covered Assessments for any other purposes. Students are encouraged to provide an email address solely for App account recovery purposes. The foregoing is clearly explained to the student.

Client may direct College Board to automatically exclude its students from Connections for the Covered Assessment(s) under this Agreement by contacting College Board Customer Service at (866) 609-1369. Client may visit collegeboard.org/connections-tc for more information about Connections and for access to an opt-out form.

- Opt-outs must be submitted before the a deadline communicated by College Board in order to suppress displaying the Connections opt-in to students during their testing experience for the Covered Assessment(s).
- If a student had already opted-in to Connections under this Agreement before Client opted-out, the student's data from Covered Assessment(s) under this Agreement will no longer be used for Connections upon College Board's implementation of Client's opt out
- If Client excludes its students from Connections and a student is not participating in Connections through other assessment(s) outside of this Agreement, the student will not receive any new content or messaging, and anything previously delivered may be still accessed by student.
- If Client opts-out, scores the student received on Covered Assessment(s) may still be used for Connections as described above if the student opted-in to Connections through an agreement between College Board and their school, district, or state which has access to Covered Assessment score(s).
- In some instances, Client's state may have elected to opt-out its students and College Board will abide by that exclusion for Client's students.
- If Client opts-out, Client may revoke this opt-out election by contacting College Board at SAT Customer Service at 888-SAT-HELP, +1-212-520-8600 (International), or email sateducator@collegeboard.org.

- Upon opt-out, students will still be able to use BigFuture School to receive Score Information and Recommendations.

Students may have opportunities to link from BigFuture School to BigFuture® and to other college and career planning services on College Board's website, www.collegeboard.org. Those services are not part of Educational Services and do not use student data collected under the Covered Assessments which are the subject matter of this Agreement or any DPA; the only exception being scores on College Board assessments, as all students have independent rights in their own test scores, as further acknowledged above. Students use BigFuture in their personal capacity and may need a personal College Board account to use certain features. Students with personal College Board accounts may also be able to access their scores through their personal accounts. Students may also have opportunities to copy data from their personal College Board accounts to Educational Services for use in the Educational Services. Such data copies shall be considered part of Educational Services, and those copies are subject to the same privacy rules as student data collected during Covered Assessments. collegeboard.org/privacycenter.

9.10 Severability. The provisions of this Agreement shall be deemed severable and the invalidity or unenforceability of any provision shall not affect the validity or enforceability of the other provisions hereof. If any provision of this Agreement, or the application thereof to any person or entity or any circumstance, is invalid or unenforceable, (a) a suitable and equitable provision shall be substituted therefor in order to carry out so far as may be valid and enforceable provision and (b) the remainder of this Agreement and the application of such provision to other persons, entities, or circumstances shall not be affected by such invalidity or unenforceability, nor shall such invalidity or unenforceability affect the validity or enforceability of such provision, or the application thereof, in any other jurisdiction.

9.11 Order of Precedence. In the event of conflict between the terms and conditions of any Schedule and this Agreement the terms and conditions of the Schedule shall prevail. The parties acknowledge and agree that each shall construe the terms, covenants, and conditions set forth in this Agreement, including each Schedule, as consistent with one another insofar as possible, so as to give effect to the fullest extent possible to each particular clause. Client shall remit any required Client-issued purchasing documents such as a contract or purchase order prior to the scheduled delivery of any Services to ensure prompt payment for Services received under this Agreement ("Client Purchase Order"). Notwithstanding anything to the contrary, the parties hereby acknowledge and agree that the Client Purchase Order shall be subject to the terms and conditions of this Agreement and this Agreement shall supersede any terms and conditions included in the Client Purchase Order; and further, Client understands that College Board is accepting the Client Purchase Order solely to effectuate payment but does not agree to accept any terms and conditions included in the Client Purchase Order. This Agreement includes the Schedules attached hereto and constitutes the entire agreement between College Board and Client and supersedes all prior written or oral understandings, bids, offers, negotiations, or communications of every kind concerning the subject matter of this Agreement, including any Client Purchase Order. No course of dealing between parties and no usage of trade shall be relevant to supplement any term used in this Agreement. Acceptance or acquiescence in a course of performance rendered under this Agreement shall not be relevant to determine the meaning of this Agreement and no waiver by a party of any right under this Agreement shall prejudice that party's exercise of that right in the future. This Agreement may be executed through signatures to any number of counterparts, each of which shall be deemed an original, which together will constitute one Agreement. Delivery of an executed counterpart of this Agreement by electronic transmission, including through DocuSign, shall be equally as effective as delivery of an original executed counterpart of this Agreement. The terms and conditions of this Agreement related to the collection, maintenance, use, and disclosure of data shall only apply to the data College Board receives in connection with this Agreement. Annex 1

College Board's College and Career Readiness Educational Services

With the assessment(s) ordered under this Agreement (each a 'Covered Assessment' and collectively 'Covered Assessments'), College Board shall provide the following educational services to help students navigate post-secondary and career pathways and to help K-12 educators and counselors serve their students' needs (collectively, 'Educational Services').

'App' refers to a College Board mobile application, BigFuture® School, that students age 13 and older can download from the App Store to access Educational Services. The App is only available for students taking the SAT School Day, PSAT/NMSQT, PSAT 10 and PSAT 8/9. 'BigFuture School' as used herein refers to the Educational Services provided on the App (including in-App notifications if the student elects to turn on those notifications) and potential other channels such as through a website portal exclusively for the Educational Services.

SCORE INFORMATION: In BigFuture School, students may access their scores and other score information (collectively, 'Score Information') for College Board assessments including scores received by students on Covered Assessments. For SAT School Day, Score Information will include career readiness indicator(s) derived from the student's scores and the U.S. Department of Labor/Employment and Training Administration Occupational Information Network (O*NET), mapping the math, reading, and writing skills measured by the SAT to the qualitative and literacy skills for occupations in O*NET.

RECOMMENDATIONS: In BigFuture School, College Board may provide students with educational information and recommendations about college and career options including, for example, AP Potential, postsecondary options and opportunities, career pathways, scholarships, National Recognition Program potential eligibility, financial aid and paying for college information, and opportunities to participate in College Board research studies (collectively, 'Recommendations'). In providing and customizing Recommendations, College Board may use score(s) achieved on Covered Assessments, career readiness indicators as provided in their Score Information for SAT School Day, and student information collected in connection with Covered Assessments and through students' use of Educational Services. In the Recommendations, College Board may include third-party links to other sites that are not operated by us, including colleges, universities, scholarship organizations, and career information sites. College Board is not responsible for the content or operation of other websites, and links to other websites are not intended to imply endorsement of them by College Board.

CONNECTIONS*: Connections is available to students taking the SAT School Day, PSAT/NMSQT, and PSAT 10. Connections is a College Board program through which students are provided information about non-profit colleges, universities, nonprofit scholarship providers, and other government agencies administering educational programs ('Eligible Institutions') and may receive preliminary offers of admission from nonprofit colleges and universities ('Participating Colleges'). Information provided to students is based on criteria provided by those Eligible Institutions and Participating Colleges and student information and interests. This may include:

- student interests, demographics, students' use of Educational Services, and other information collected by College Board during Covered Assessment(s) for which the student opts-in to Connections;
- students' interests and preferences (such as through user controls within the App, through engagement in BigFuture School, and any updates students make to their information in their use of Educational Services);
- assessment score ranges the student received on past and future SAT, AP, PSAT/NMSQT and PSAT10 assessments; and
- for preliminary offers of admission from Participating Colleges, assessment score ranges the student received on past and future SAT assessments may be used, and race and ethnicity will not be used.

College Board never shares students' personally identifiable information with Eligible Institutions or Participating Colleges as part of Connections.

Connections is entirely optional, and students must affirmatively opt-in and agree to College Board's use of their information as described above for Connections if they wish to participate. Unless an LEA or a school directs College Board to exclude its students from Connections (as further described below), students can opt-in during Covered Assessment(s) or in the App and may be able to do so through other channels. If a student opted-in to Connections during a prior SAT School Day, PSAT/NMSQT, or PSAT 10 assessment pursuant to an agreement with their school, district, or state, Client acknowledges and agrees to use of the student's information from Covered Assessment(s) under this Agreement in Connections, with notice of the same and opportunity to opt-out presented to any such students during the Covered Assessment(s).

Students can opt-out of Connections at any time, using any of the multiple ways provided, including, an opt-out feature within the App, an unsubscribe option from Connections emails, opt-out instructions included in each mailing, and by contacting College Board's customer service. Students can also choose to remain in Connections but opt-out of individual communications channels (emails, hardcopy mailings, and in-App).

Opted-in students may receive information from and about Eligible Institutions and Participating Colleges in the App (including in-App notifications if the student elects to turn on those notifications), by hard copy mail, and by email, subject to the student providing their home address, email, and/or downloads the mobile application, all of which data elements are optional. Eligible Institutions and Participating Colleges do not know the identity of a student to whom information is delivered unless and until the student chooses to provide their personal information directly to the Eligible Institution or Participating College, which the student can only do outside of the App and outside of the Educational Services. A student may be able to link from the App, email, or QR code in a mailing to further content within BigFuture School or to an external webpage or webform hosted by that Eligible Institution or Participating College. Any preliminary offer of admission will include a school-specific website link through which the student may share their information directly with the Participating College, after which the Participating College may inform the student about any next steps to enroll as well as to be considered for any financial aid. College Board may track students' access to such links/webpages for purposes of reporting and analytics, but College Board will not disclose such information to Eligible Institutions or Participating Colleges other than in de-identified and aggregated form.

Content provided to students through Connections are created by Eligible Institutions and Participating Colleges and may include text, images, videos, and interactive elements. While Connections may be personalized by College Board (e.g., student name at the top of an email) through automated means, College Board is not responsible for and does not create, edit, or approve of the content. Notwithstanding the foregoing, College Board may send a communication to the student alerting them that information through Connections is forthcoming and/or available in BigFuture School for them to access.

For students who receive a preliminary offer of admission, there is no guarantee of admission, scholarships, or financial aid and it may require them to complete additional steps to accept the offer as defined by the Participating College(s). The Participating College(s) may also require confirmation of information it relied upon in making a preliminary offer of admission, such as requiring the student to submit their final transcript to complete the admissions process. Each Participating College makes the decision on preliminary offers of admission. College Board is not involved in any of the selection or decision making by the Participating College(s).

*Not offered in New York at this time. There may be other exclusions.

ADDITIONAL DETAILS REGARDING EDUCATIONAL SERVICES:

There is no incremental cost for Educational Services.

College Board shall provide Client with reporting on its students' use of Educational Services, with the content and cadence within College Board's sole discretion.

College Board collects certain information from students during Covered Assessments to ensure test validity and fairness, for identity matching and the purposes described above under the 'College Board Collection, Use, and Disclosure of Data' section. College Board also uses that information in Educational Services, as described above, and to communicate with students about their Covered Assessment(s) and the Educational Services. For students who use the Educational Services, they may be able to update this information within the Educational Services, if they so choose. **All questions are optional.**

Questions include the following:

- Home/Mailing Address
- Email Address
- Race
- Ethnicity
- First Language
- Best Language
- GPA
- Intended College Major
- Level of Education Aspirations
- Parents' Level of Education

The following are only asked for the PSAT/NMSQT:

- Whether the student is enrolled in high school traditional or homeschooled
- Whether the student will complete or leave high school and enroll full-time in college
- How many total years the student will spend in grades 9-12
- Whether the student is a U.S. citizen (for students testing outside the United States)

To use the App, College Board will provide a secure method for the student to access and authenticate their identity using information collected about them in connection with the Covered Assessment(s) and Educational Services. This may include Client providing student information for this purpose, including, for example, student email address, students providing a mobile number

during the administration of the Covered Assessment with their phone number then being used to authenticate into the App, and/or Client providing an access code to each student. By providing their mobile number, the student authorizes College Board to text them to download the App, authenticate into the App, and about their scores, including when their scores are available for Covered Assessments. College Board does not use mobile numbers collected during Covered Assessments for any other purposes. Students are encouraged to provide an email address solely for App account recovery purposes. The foregoing is clearly explained to the student.

Client may direct College Board to automatically exclude its students from Connections for the Covered Assessment(s) under this Agreement by contacting College Board Customer Service at (866) 609-1369. Client may visit collegeboard.org/connections-tc for more information about Connections and for access to an opt-out form.

- Opt-outs must be submitted before the deadline communicated by College Board in order to suppress displaying the Connections opt-in to students during their testing experience for the Covered Assessment(s).
- If a student had already opted-in to Connections under this Agreement before Client opted-out of the student's data from Covered Assessment(s) under this Agreement will no longer be used for Connections upon College Board's implementation of Client's opt out
- If Client excludes its students from Connections and a student is not participating in Connections through other assessment(s) outside of this Agreement, the student will not receive any new content or messaging and anything previously delivered may be still accessed by the student.
- If Client opts-out, scores the student received on Covered Assessment(s) may still be used for Connections as described above if the student opted-in to Connections through an agreement between College Board and their school, district, or state which has access to Covered Assessment score(s).
- In some instances, Client's state may have elected to opt-out its students and College Board will abide by that exclusion for Client's students.
- If Client opts-out, Client may revoke this opt-out election by contacting College Board at SAT Customer Service at 888-SAT-HELP, +1-212-520-8600 (International), or email sateducator@collegeboard.org.
- Upon opt-out, students will still be able to use BigFuture School to receive Score Information and Recommendations.

Students may have opportunities to link from BigFuture School to BigFuture® and to other college and career planning services on College Board's website, www.collegeboard.org. Those services are not part of Educational Services and do not use student data collected under the Covered Assessments which are the subject matter of this Agreement or any DPA; the only exception being scores on College Board assessments, as all students have independent rights in their own test scores, as further acknowledged above. Students use BigFuture in their personal capacity and may need a personal College Board account to use certain features. Students with personal College Board accounts may also be able to access their scores through their personal accounts. Students may also have opportunities to copy data from their personal College Board accounts to Educational Services for use in the Educational Services. Such data copies shall be considered part of Educational Services and those copies are subject to the same privacy rules as student data collected during Covered Assessments. collegeboard.org/privacycenter.
