Student Services

Family and Court Liaison

- Attended the FAIR Team Meeting on November 13th. The FAIR Team is an acronym for Family Accountability, Intervention, and Response Team. These are multidisciplinary, local teams that work to divert juveniles with behavioral or other needs from formal court proceedings by providing community-based interventions. The FAIR teams were established as part of the 2014 juvenile justice reforms under Kentucky's Senate Bill 200.

Family Resource Youth Services Centers

- The A.D. Owens Professional Development Room served as the host site for the Region 4 Continuation Program Plan (CPP) training for the Division of FRYSC. The region was divided into two sessions, and our location accommodated schools from the northern portion of the county.
- The FRCs and the YSC coordinators are preparing to begin the development of their two-year continuation grant application. As part of this process, the Board is required to review and formally approve the board assurances. This approval confirms compliance with all state requirements and must be completed before the application can be submitted. The assurances will be presented at the January meeting.
