Wacom Cintiq 16 comes with a foldable legs for ameliorated 19° working position.

Q wacom cintiq 16 pen displays

Sarah, I would like to apply to this grant. It's for 16 sets of Wacom Cintiq drawing tablets. For STLP, there is a category for line and brush design and below is 2 of my students projects for state. I feel like this would be beneficial for my "artsy" technology club kids, as well as projects in class. There is no matching needed. Attached is the link for the grant (that came from Trish Burton) but is geared also towards STEM teachers.
