

**November 2025**  
**Director of Student Services**  
**Board Report**

Custodial/Maintenance

- The new HVAC unit that was damaged by lightning has been fully installed and balanced at LES.
- We have switched our HVAC system to heating and are operational.
- Recent rains have caused some minor leaking in both buildings that are being tracked down for repair.
- Several systems have been serviced and repaired (BOE, Plumbing main stack replaced, Dishwasher LES repaired)

Project One

- We continue to get closer to completion of the project. We are hoping to reach substantial completion before the end of the month and begin the closeout process.
- Punch list items are being identified for repair or submitted under warranty.
- LES marquee and sitting wall is in progress.

School Safety

- KCSS threat assessment training was conducted at both LES and DHS.
- KCSS Safety Audit will occur on Friday, 11/21/25. Our schools have done a tremendous job preparing for this visit.
- New two-way radios for the district are in place and operational.

Transportation

- Our new transportation system is operational. We had 19 athletic events and 8 field trips in the month of October.
- We are exploring the option of partnering with neighboring districts to train more drivers as subs. Several districts in the area are short on drivers. We hope to conduct training in December.
- We are required to replace our van for student transportation as ours does not meet the requirement of **KRS 156.153(3) Standards for use of non-school bus passenger vehicles**

Student Attendance/DPP

Current attendance and enrollment

As of 11/17/2024	Attendance	Enrollment
District	94.65	704
DHS	92.88	354
LES	96.15	350

Previous year attendance and enrollment

As of 11/18/2023	Attendance	Enrollment
District	93.52	737
DHS	91.93	355
LES	94.89	382
