

TO: Christian County Board of Education

FROM: Brady Link, Superintendent

Kathy Hancock, DPP

DATE: February 10, 2011

SUBJECT: Making up Snow Days

Due to recent winter weather, the district has missed eleven full days and two half days of instruction. We recommend to the board that we do not have early release days for the remainder of this school year. The six hours from early release days would be used to make up one instructional day.

We also recommend that thirty minutes of instruction be added to sixty instructional days to makeup five of our missed days.

The board has already approved February 21st and April 1st be used as make up days.

The remaining time would be made up at the end of the school year.

Adding thirty minutes to the instructional day will only make up days for students, not employees. Teachers and other employees will be required to make up the days missed.

All employees shall work their contracted days for this school year.
