RE: December 15th Board of Education Meeting: Recognition of BCPS School Level Teacher of the Year Honorees

Good evening, members of the Board, colleagues, and members of the community. Tonight, we have the distinct privilege of celebrating the true foundation of our success: our exceptional teachers.

Every day, our educators demonstrate unwavering dedication, innovation, and passion. They inspire curiosity, build confidence, and prepare our students not just for the next grade level, but for life. The School-Level Teacher of the Year recognition is an opportunity for each school community to honor the very best among us, those who embody excellence in teaching and service.

This recognition is a profound affirmation from their peers, administrators, students, and parents that their work is not only seen but deeply valued.

We recognize these individuals for going above and beyond the call of duty, for their commitment to high academic standards, and for fostering nurturing and engaging learning environments.

We would now like to formally recognize each recipient by name and school.
