Consent Agenda Item (Action Item): Consider/Approve leasing (3) Chevrolet 2500 trucks.

Applicable State or Regulations: General Powers and Duties of the Board (01.11)

Fiscal/Budgetary Impact:

The district's continued need for reliable transportation and service vehicles requires the expansion of our current Enterprise fleet. To support operational efficiency, student services, and departmental responsiveness, the district proposes adding three vehicles to the fleet: 2026 Chevrolet Express 2500, 2026 Chevrolet Silverado 2500 HD Service Truck and 2026 Chevrolet Traverse AWD

The fiscal impact will include the annual lease cost of each vehicle through Enterprise Fleet Management, associated fuel and maintenance expenses, and insurance coverage. The fleet expansion is expected to reduce long-term repair costs currently associated with aging vehicles, decrease downtime, and improve service response times across the district. Enterprise's maintenance program and fuel efficiency of newer models will also help offset a portion of the increased expense.

History/Background: This lease will replace again, high-mileage surplused vehicles in our fleet. The repair cost for these vehicles now exceed their value, making replacement the more cost-effective option. The high-mileage vehicles have been approved for disposal and will be sold at a later time or auctioned. Vehicle 1 will replace 2005 Ford F250 Cargo Van with 212,000 miles. Vehicle 2 will replace 2006 F250 Cargo Van with 212,540 miles. Vehicle 3 will replace 2001 Jeep Cherokee with 215,000 miles.

Recommended Action: Approve as presented
