Dear Ms. Newton:

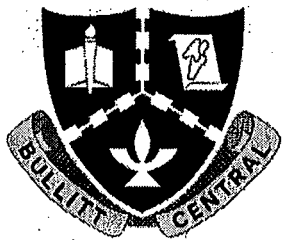

I have completed almost all of my graduation requirements and would like to be considered for hardship graduation after I finish the rest.

The parents who adopted me asked me to leave their home when I turned 18 over the summer. I lived with my biological mom in Bardstown for a while after that, and now I am living with another family member in Brown. I thought I would have transportation to school, but the people who said they would help me didn't keep their word.

I desperately need to graduate early so I can get a full-time job and support myself. I understand this means I will not be allowed to participate in prom or any other senior activities, including the graduation ceremony itself. I am fine with not participating. I just need to graduate so I can support myself.

Thank you for your consideration

thank you so much Anthony

I am writing to formally state my support for our student, Anthony Eckhoff, to graduate early based on documented hardship and exceptional personal circumstances. Anthony turned 18 this Fall and became an unaccompanied youth, he has faced significant instability after being dismissed from his adoptive home and then later being unable to remain with his biological mother. Despite these challenges, he has shown determination in pursuing his education.

Throughout this school year, Anthony has worked to complete the required coursework and earn the necessary credits for graduation. He has demonstrated maturity, self-advocacy, and a strong commitment to securing his future.

For these reasons, I fully agree and recommend that Anthony be permitted to graduate early. This decision is in his best interest and aligns with this severe hardship.

Sincerely,

Katie A Newton

Dear Dr. Bacon,

Hello, my name is Andrew Curtsinger, and I am 18 years of age. I went to Taylorsville Elementary School. I lived with my great-grandfather at that time. My father was in jail at that time. After my dad got out, I moved in with him and my aunt. That's when I started middle school at Bullitt Lick Middle School. After a while, I was placed in foster care during my freshman year. I started school at John Hardin High School. A year later, I returned to Bullitt Central High School.

Since Being in the Flex program, I have completed 7½ credits while in the Flex program. It has helped me with finishing my classes. I have been wanting to finish these classes because I have noticed myself falling behind. I started falling behind because I got put into foster care at the age of 13. I realized that I was falling behind in my jr year.

Finally, after I graduate, I plan to work at J & E Trucking and Excavating. After I start working, I plan to start college as an auto mechanic. I want to start my own business as an auto mechanic. I plan to move out of my foster home by December. I have been looking at apartments in Shepherdsville.

Sincerely

Andrew Curtsinger

Dear Dr. Compton,

Hello, my name is Jesse Garcia, and I am interested in an opportunity to graduate early from Bullitt Central. I have had a rough time with school the past year and I have been struggling to pass my credits in the classes I'm in. I have had a lot happen this past year with my family. I prefer not to go into details, but Mrs. Root knows most of it. I had a very hard time in school after my grandfather was diagnosed with cancer and I had to be out of school a lot to see him and take care of him. After his passing, I wasn't able to catch up. Since then, it has still been hard to focus on school rather than a job and my life.

I want to be able to finish school early so I can pursue a job and get my driver's license. I have already become career-ready sophomore year when I finished my industrial maintenance certification, and I am in the process of getting my welding certification. The welding certification is very important to me, and I will finish that prior to graduating early.

I plan to finish my part A classes and my welding certification and then I will complete my part B English and math. I will be ready for early graduation as soon as I meet those goals.

Thank you for your time and consideration.

Sincerely
Jesse Garcia

Dear Mr. Compton

I am Jesse Garcia's grandmother,
after much discussion and consideration
of Jesse's wishes, I approve of
Jesse Garcia graduating early.
we have had a really tough time
and him graduating early
would help us a lot.

I understand he will not walk
the line at graduation,

To Ann Medley

Dear Dr. Bacon and Board of Education,

My name is Andrew Goff. I am currently a senior at Bullitt Central. I am writing to you to request early graduation. I have lived in Bullitt County my entire life. I attended Cedar Grove Elementary School and Bernheim Middle School.

I have always struggled with school. When I was younger, I was always in trouble. I spent much of elementary and middle school in the principal's office. My first two years at Bullitt Central were more of the same. I was often in trouble and struggled with getting behind in classes because of being in trouble. During my Junior year, Ms. Root and Coach Faucett informed me that I was not on track to graduate and recommended the Flex program. I started in Flex in November of 2024. I realized that it was my only option if I wanted to graduate. Since coming into Flex, I have completed 9.5 credits. I will be able to complete my remaining credits before Christmas break this year.

I am requesting early graduation because I am ready to take the next step in my life. After I graduate, I plan to get a job and be able to move out. I am currently living with my grandmother because the situation with both my mom and dad was not good for me. I plan to enlist in the Army in August of 2026.

Thank you for your time and consideration.

Sincerely,

Andrew Goff

Dear Mrs. Root,

I am in support of my son Andrew Goff graduating early from Bullitt central.
I know he will not be able to walk at graduation.
Andrew has struggled with school and this will be better for him going forward.

Thank you.

Dear Dr.Compton,

My name is Madelyn Garrett, I am a 17 year old senior at Bullitt Central High School. I went to Lebanon Junction Elementary School K-5th grade and Bernheim Middle school 6th-8th grade. I had multiple rough patches, starting in Middle school I was with the wrong crowd and overall going down a bad path, it wasn't until late freshman year I got fully clean and started to work towards a better future. I got baptized and studied hard, I was doing a lot better. Then in April of 2024 my dad passed away, I had a lot of stress and trauma on my plate, I chose my mental health over my education. I stopped showing up, I even stopped trying.

Being put into Flex helped me drastically! The support never stopped, I was encouraged everyday to keep going and to focus on myself. When I entered Flex, I had only 8 credits, I will complete 14 more credits in order to get where I want to be. I am determined and motivated to graduate and will put in all the effort I need. I know I am capable of having a good education for myself, I regret going down the path I did but I am here now and will continue growing.

I don't have the option to Co-op right now due to personal issues such as transportation, but we are working on that now so around the time I turn 18 I should be driving. I already have a spot at Molina Ink in Radcliff to work as a shadow artist. This will be my job on the side of taking online classes at JCTC. I want to take classes to rebuild my academics and hopefully get into a better college where I can train and major in Criminal Justice.

From, Madelyn Garrett
