Four Expectations of International Club

#1: Observe

#2: Be Curious, Not
Judgemental

#3: The Grandma Rule

#4: The First Bite Rule

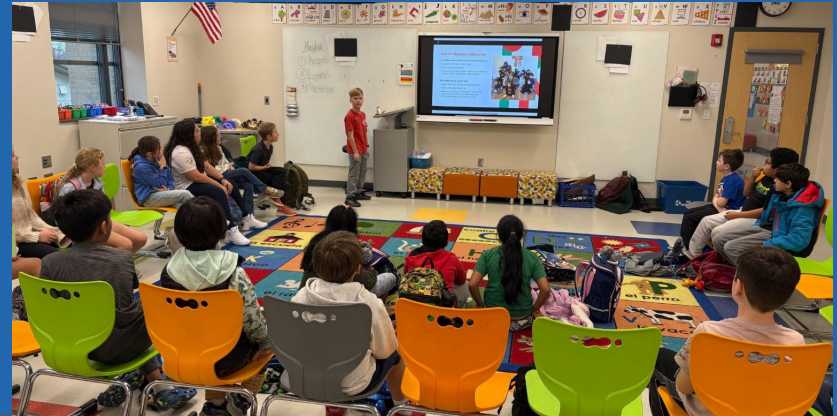

Expectation #1: Observe

Sometimes when we experience new or different things, it can make us feel uncomfortable because we don't know what to do. You can learn by watching others.

Expectation #2: Be Curious, Not Judgemental

Once you've observed, ask questions & learn "why" before you judge something.

Expectation #3: The Grandma Rule

You should kindly accept and eat whatever food is offered to you by a host, regardless of whether you like it, to show them respect.

Expectation #4: The First Bite Rule

If we are eating, we always wait until everyone has their food and take our first bite together.
