

Menifee Central would like to recognize our outstanding Student Office Crew—**Olivia Jones, Carter Fugate, and Jonathan Wells**. These students first demonstrated leadership by creating *Kindness Days*, encouraging our student body to show daily acts of respect and encouragement. In recognition of their initiative, the administrative team expanded their role, and they now serve as our official office crew.

In this role, they assist with daily announcements and help recognize student and staff achievements and birthdays, bringing positivity and pride to our school community. They are a wonderful addition to our school team and are demonstrating growth through the Leader in Me program by living out Habit 1: Be Proactive, taking initiative and showing responsibility through their leadership.
