SHAPE offers the "Send a teacher grant" which covers the registration/attendance for the conference as well as a one year SHAPE professional membership.

Attending the conference will provide access to high-quality sessions, hands-on workshops, and the latest research in physical education and health which will directly impact my students as a Physical Education teacher. The learning gained will directly strengthen our PE program by improving instructional strategies, enhancing student engagement, and expanding our curriculum with evidence-based practices. Participation in this conference will ultimately support healthier, more active students and contribute to our district's commitment to high-quality physical education.
