RE: Geothermal test bore and conductivity test

Marion County Public Schools

Marion County Area Technology Center

721 E Main St

Lebanon KY 40033

CMTA Project: XMTC25

## SCOPE OF WORK

Drill one 500' test bore and provide detailed drill log

Install permanent steel casing if needed\*

Install 1 1/4" DR 9 piping loop in well & grout entire bore hole with TG Lite 100

Perform a 48-hour conductivity test and provide report.

Remove excess spoils from site & patch asphalt

Lump sum price for one test bore and conductivity test \$23 000.00

\*If casing is needed price will be additional \$30.00 per foot
