## General Sale Condition

### Institutions

This Educational Software Licensing must only be used for non-commercial educational purposes. It may be applied for schools, colleges, universities and other educational institutions: any government-accredited school can apply for educational licensing on a school purchase order.

### Contract duration

This contract is valid for a minimum of 12 months (24, 36, 48 or 60 months if more years entered above).

Body Interact will notify any software price changes for subsequent years at the latest 4 months before the end of the overall commitment period in writing (email being sufficient).

On each subscription renewal date, selected scenarios can be changed for other scenarios available in the High School & CTE library.

### Prices

Prices apply to a single School campus only. For additional schools in the same plan, a new license is required.

### Hardware

Prices may vary due to market conditions without prior notice.

### Validity

Software prices are valid until December 31, 2025.

### Taxes

Taxes such as Value Added Tax (VAT) will be added as required by law and are borne by the Client, most international transactions do not require the addition of VAT, this does not imply potential tax implications for the Client by authorities in their jurisdiction and such taxes are borne by the Client.

### Invoicing and payments

Note that the content access part of your order will be split into 75% content, 25% technology on your invoice.

Standard terms for payment for software shall be 30 days from receipt of correct invoice.

Invoices that also include hardware items must be paid before shipping date.

### Content

At the beginning of the subscription, the scenarios are chosen by the Client according to their availability in the product's High School & CTE Library.

Automatic updates & upgrades on software features or clinical guidelines are made through a built-in auto-updater system.

Internet is required.

Body Interact takes no liability for correctness, completeness, or quality of the offered information and materials.

Content produced by external authors does not represent an opinion held by Body Interact.

All the medications, diagnostics and treatment names shall be consistent with terminology commonly used in the US and EU markets. To adjust to US standards, users must change Language to English US on the platform Settings.

### Copyright

The Client is not allowed to copy or recreate the content or violate Body Interact's copyright in any other way.

### Licenses

Licenses are individual user licenses, license sharing is not permitted and will trigger termination of account and liability for damages to Body Interact. Subscription is valid for 365 days after activation day.

An institutional email is required to set up any account. Accounts are only provided to Educators or Learners belonging to an unique School campus. Each user is only eligible for one single-user license. A proof of current academic status is required. Each license requires internet connectivity every 30 days.

Body Interact software may not be used for development of any organization's products or services. Body Interact software may not be shared with any third parties.

### Training

Online training sessions for Educators will be given by video conference, with an estimated duration of one hour per session.

#### Client support

Product Help Center is available at [help.bodyinteract.com](https://help.bodyinteract.com). Personalized client support is provided on business days, Monday to Friday, 9am-5pm Western European time, by email or chat, within 24 hours. Email: [support@bodyinteract.com](mailto:support@bodyinteract.com)

#### Hardware warranty

Hardware purchased from Body Interact has 3-year limited warranty against any defects in material or workmanship when used under normal conditions.

#### Hardware requirements

<https://help.bodyinteract.com/which-devices-are-supported>

#### Data Privacy Compliance

Body Interact acknowledges, warrants, and will comply with any applicable laws regarding personal data, including EU General Data Protection Regulation (GDPR), the Family Educational Rights and Privacy Act ("FERPA"), Telecommunications Act, the Video Privacy Protection Act and any applicable state legislation.

#### Use of Name

Client hereby gives consent for Body Interact to show the name, insignia, or symbols of Client on its website and other materials as a Client, any press releases are to be coordinated with Client.

#### Travel & expenses

If employees of Body Interact undertake travel in connection with the project, expenses are compensated based on the provided copies of receipts as follows: economy class rail or air travel, driving charges 0.960 EUR/USD per mile, hotel charges and daily allowances of 39 50 EUR/USD daily. Travel times count as working time.

#### Mediation

If the efforts that are made by the parties to resolve any conflict fails, they agree to enter into a serious resolution effort with the help of a professional mediator registered with the Portuguese Association for Mediation before any legal steps are taken.

#### Governing Law

This Order shall be governed by and construed and enforced in accordance with the European Union Regulation 593/2008, with court of Coimbra, Portugal.
