- b. Funding Requests - New form that will help administrators determine which group/organization should receive the funds requested

#### VI. Bylaw/Policy Review/Readings/Adoption

- a. Title Update -

Title I - just a reminder that we got a little more money this year so this supports the reading interventionist and part of the math interventionist positions at BES.

Title II - We continue to take requests from staff for PD and meet those requests through Title II as long as the request fits in with school/district/PGP goals. A small portion of this is also supporting new teacher mentor stipends. If people have requests or ideas for PD, please send them our way.

Title IV - Justin is supposed to ask you all at Cabinet for me today as well.... But We originally got the VR approved by KDE as our Title IV spending for this year. Now that we aren't doing VR... Are there any other large enrichment, STEM, etc. purchases for this year that I should reapply for? Or keep it general as EDGE challenge/IDEA Lab/etc. supplies and equipment? About \$7000 districtwide to spend by end of September 30, 2027. You are fine to ask SBDM if they have any requests/ideas too... getting input.

- b. Program Review/Ad-Hoc Committee Reports - no updates at this time.

## VIII. New Business

- a. Principals Report - Continually working on the three year strategic plan, Mr. Kaiser is holding quarterly Superintendent Advisory Open Houses. One of his objectives is funding related to teachers and staff.
- b. Dr. Robbie Fletcher (Commissioner of Education) visited Beechwood on October 17th. and was incredibly impressed by the work of our students and staff! As a result we will have other districts visiting Beechwood to observe.
