**Championship  
Update/Review**

The 2025-26 championships were rescheduled to January 11 due to weather-related postponement. KHSAA staff carefully reviewed concerns related to event conflicts on the rescheduled date, particularly academic obligations. We have also been very sensitive to several conflicts that were scheduled on that weekend, including those culminating events for long-term commitments. We would like to thank the event organizers for their prompt communication and cooperation. Any revisions to time schedules reflect the Association's best effort to prioritize the student-athletes while preserving the integrity and competitive balance of the event.

**Officials  
Update/Review**

With the reschedule, the KHSAA wants to thank its partner, Varsity and Universal Dance Association for working to cover the state championships.
