

The Kentucky Equine Field Trip Grant is a grant that schools can apply for to help pay for transportation and/or admission to equine establishments. The field trips can be to places such as the Kentucky Horse Park, Keeneland, Rood and Riddle Equine Hospital, Kesmarc Equine Rehabilitation Center, Claiborne Farms, or any other related equine establishment. Qualify for up to \$500 to help cover travel expenses.

The Kentucky Horse Park Foundation will offer field trip funding assistance to all Kentucky public schools. The assistance covers the cost of admission for students, teachers, and one chaperone per ten students.
