

Counselor's Corner

January 2025

Ms. Jennifer Weber
Dr. Michelle Cravens
Ms. Lisa Hilf

- **Service Dog:** Jorah has officially been introduced to the staff and attended their staff meeting on 1/8 for a demonstration and to review some rules for everyone to follow. A presentation was shared with them that will be shared with students when Jorah goes into each classroom for a similar introduction.

- **Preschool-4th grade:** Ms. Hilf worked with all elementary students to create Christmas cards for veterans residing at the VA in Fort Thomas. The students did a wonderful job and the veterans were incredibly grateful.

Lisa Hilf and Children: (Grades Preschool-4th Grade)
On behalf of John R. Little VFW Auxiliary, thank you for making the beautiful Christmas cards for our Veterans. Each card was unique and beautifully made. Your hard work brought many smiles to the Veterans at the Ft. Thomas VA Hospital. It also lets them know how much they are appreciated for all they have done for our country. Our Auxiliary appreciates you; Lisa Hilf and the children of Southgate Public School.

Sincerely,
Cathy Hollihan

- **Outside Therapy Services:** The counselors of Southgate have had a partnership for outside therapy services with DCCH for over a decade. Finding outside therapists that

connect with our students and fit the needs of our community is something that is often difficult. We are very pleased that DCCH has been accommodating in helping us in this search. After Christmas we were joined by a new therapist who immediately jumped in and started connecting beautifully with our students. We are also beginning a partnership with OneQuest Health (formerly the Childrens' Home of Northern Kentucky) who will also be able to provide school based therapy and other wrap-around services for our students and their families. We are hopeful that having two options for therapists will help us make sure all students' needs are met. We currently have fifteen students meeting with outside service providers or in the referral process.
