# Guiding Topics

AI and Educational Technology  
Career Readiness  
General Education  
Literacy  
School-Based Mental Health  
Arts  
Leadership  
Mathematics  
Special Education  
Trauma-Informed Practices

# Vision Forward

- Launched 1-hour online modules, marking a significant step in expanding flexible, high-quality learning opportunities.
- Building on early success, we will develop 3-hour modules to support deeper engagement and impact.
- This progression positions us to scale the program nationally.
- A phased rollout ensures sustainability, quality assurance, and readiness for broader adoption.
