OLDHAM COUNTY BOARD OF EDUCATION

CONCERN

The Fit for Life Summer PE/Health class for high school students will be expanding it's enrollment from 192 spots to 300. Each teacher in the program will be able to roster 50 students (100 per school) instead of 32 as in previous years. This will allow for more students to take the program which helps with scheduling restraints during the school year. Each high school has historically had a wait list for the program, this change will help address that. The stipend for Fit for Life staff will increase from \$2500 to \$3900. This change reflects the increased roster size for each staff member.
