Monthly Board Report for January 28, 2025

Submitted By: Julie Kaeff

Safety

- School administrators and custodial leads perform monthly safety walkthroughs in each building. During these inspections, they use a walkthrough tool to record existing conditions and note any maintenance needs, repairs, or follow-up actions. This proactive approach supports a safe, clean, and well-maintained environment for students, staff, and visitors.

Health Services

- School nurses have continued their efforts to maintain school health records compliance, conducting thorough reviews of student health files and implementing necessary updates including reaching out to parents and guardians to ensure alignment with regulatory and policy requirements.
- School Nurse Health Office Visits
 - During the reporting window of 12/11/25-1/15/26, students were not in-session for two weeks due to winter break.
