Consent Agenda Item (Action Item): Consider board to approve RossTarrant to service as the Architect for the design and construction oversight of the turf replacements at Betsy Layne High School in phase I and baseball/softball field at Floyd Central High School in phase II.

Applicable State or Regulations: Capitol Construction Process 702 KAR 4:160.

Fiscal/Budgetary Impact: Total architectural contract fee \$64,750, to be paid from SFCC Bond sale. Additional construction costs will be brought separately for Board approval in the BG-1 cost.

History/Background: The current athletic turf at Betsy Layne Elementary High School has reached the end of its useful life and requires replacement to ensure safe and functional playing surfaces for our students and community users. The estimated project cost exceeds thresholds that require professional design and oversight services by a licensed architect/engineer. By doing this projects at the same time and as a package deal will decrease the cost and the time completion.

Recommended Action: Enter into a professional services contract with RossTarrant for architectural services related to the turf replacement.
