**BOONE COUNTY SCHOOLS
TRANSPORTATION DEPARTMENT**

January 22, 2026

Mrs. Best
Assistant Superintendent for Operations
8330 US Highway 42
Florence, KY 41042

Dear Mrs. Best

I am writing this memo to request that we place before the Boone County Board of Education, in the scheduled February meeting, a proposal for an approval to purchase thirteen buses during the 2025 Fiscal Year.

The thirteen new vehicles will be four separate orders on four separate purchase orders. We will purchase a total of eight International buses. Five type C buses at a unit price of \$169,758 each and three special needs lift buses at a unit price of \$180,469. Additionally, we will purchase five Thomas buses. The Thomas bus order will consist of five buses they will be separated into two type D buses at a unit price of \$220,123 each, and three type C buses at a unit price of \$170,956 each. This amount is consistent with the Kentucky State Contract Pricing and covers the estimated cost for all items necessary to make the vehicles 'road ready'.

I am including a copy of a spreadsheet indicating the price per vehicle based on the Kentucky State Contract price schedule. The total cost of this proposal is \$2,343,311 of the \$2,400,000 budgeted amount. The delivery dates estimated to be during the 2026 Fiscal Year. This will leave \$67,400 remaining of the \$2.4 million bus purchase budget.

If you would like to discuss this proposal further, I would be pleased to meet with you at your earliest convenience.

Thank you,

Sean Mulligan
Assistant Director of Transportation, Operations

2026 Thomas Built Buses School Bus Purchase Authorization

The Boone County Board of Education, located in Florence Kentucky, on the day of , 20 , in a legally called and constituted meeting, voted to purchase school buses through the Commonwealth of Kentucky contract price procedure.

This Board of Education took this official action to authorize the Chief State School Officer to procure 2026 school buses. This action, as spread upon the minutes of the meeting of this Board of Education on the above date, should be construed as evidence of obligation of this Board of Education to purchase the above school buses through the Commonwealth of Kentucky contract agreements established in accordance with statutory authority.

THO-111 C Meritor- Wabco ONGuard Active Collision Avoidance System (Allows collision warning, active braking and adaptive cruise control at forward speeds 15 MPH and above. The system provides audible, haptic and visual warnings to alert drivers to possible traffic obstructions. Radar technology provides the ability to detect potential collision conditions up to 650 feet forward of the vehicle. Avoidance system allows intervention including active braking and throttle reduction to reduce chance of impending collisions. Adaptive cruise control feature utilizes radar to assist with safe following distances from other vehicles. The system maintains set speed when the lane is clear and automatically adjusts vehicle speed to maintain a set time interval between the system vehicle and vehicles ahead.) - \$2,500
