General Commentary

The Soccer Rules Committee continues to look at potential rules changes with a focus on safety and maximizing the students enjoyment and participation in Soccer. The Committee appears to continue to understand the need to continually look at the disqualification rule to ensure it captures the right infractions and does not unnecessarily punish others.

Uniforms also continue to be the topic of discussion. It is clear that the Committee does not want to make regular changes to the uniform standards that cause the need to purchase new uniforms without a compelling reason. At this time, the away jersey is "solid" while and does not allow for any adornment such as stripes, pipping, or shading. This initially seems too strict, but as soon as you try to draw a line that allows more flexibility, the difficulty in coming to a consensus is evident.
