Good afternoon, Commissioner Tackett,

Cornerstone Christian Academy would like to formally appeal the Board of Control's decision to move our school into the 29th District. It is our opinion that this decision was made with complete disregard to school locations and is inconsistent with previous decisions made by the Board of Control regarding district alignment.

Thank you,

Lexington, KY. 40505

VIA EMAIL: jtackett@khsaa.org

Mr. Julian Tackett, Commissioner KHSAA

Pursuant to the state open records law section KRS 61.870 to 61.884 and 61.991, I write to request live access to the originals and an electronic emailed copy of the following:

1. Any and all correspondence to or from the KHSAA employees and the KHSAA Board of Control members relating to the recent realignment of the 8th Region schools. This is to include but NOT limited to emails, letters, memorandums, faxes, emails, text messages and notes.
2. A copy of any and all reports, PowerPoints, and/or graphs used in the decision making process for the recent realignment of the 8th Region schools.

If your office or direct reports do not maintain these public records, please let me know who does and include the proper custodian's name and address.

The information requested above will not be used for any commercial purposes. I am a resident of the State of Kentucky. As provided by the open records law, I will expect your response within five (5) business days. If you choose to deny this request, please provide a written explanation for the denial including a reference to the specific statutory exemption(s) upon which you rely.

Please find attached an Open Records Request (ORR). I look forward to your response within the next five days. Please let me know that you received this request.

Please feel free to contact me at the phone number or email address below. Thank you for your assistance.

Sincerely,

Matt McGowan

Request to Inspect Public Records

Pursuant to the Kentucky Open Records Act (“the Act”), KRS 61.870 *et seq.*, the undersigned requests to inspect the public records which are described below.

Requester’s contact information.

Name: Cornerstone Christian Academy

Mailing Address: 3850 Frankfort Rd, Shelbyville, KY 40065

E-mail Address (if applicable): mattmcgowan@ccaofky.org

Records to be inspected:

- 1. Any and all correspondence to or from the KHSAA employees and the KHSAA Board of Control members relating to the recent realignment of the 8th Region schools. This is to include but NOT limited to emails, letters, memorandums, faxes, emails, text messages and notes.
- 2. A copy of any and all reports, PowerPoints, and/or graphs used in the decision making process for the recent realignment of the 8th Region schools.

Statement regarding the use of public records. KRS 61.870(4) defines “commercial purpose” as “the direct or indirect use of any part of a public record or records, in any form, for sale, resale, solicitation, rent, or lease of a service, or any use by which the user expects a profit either through commission, salary, or fee.” However, “commercial purpose” does not include the publication or related use of the public record by a newspaper or periodical, by a radio or television station in its news or informational program, or by use in the prosecution or defense of litigation by the parties to such an action or their attorney.

This request is (choose one):

- NOT for a commercial purpose; or
- FOR a commercial purpose.

Statement regarding residency. I further state that I am a resident of Kentucky because I am (please check one):

- An individual residing in the Commonwealth; or
- A domestic business entity with a location in the Commonwealth; or
- A foreign business entity registered with the Kentucky Secretary of State; or
- An individual that is employed and works at a location within the Commonwealth; or
- An individual or business entity that owns real property within the Commonwealth; or
- An individual or business entity that has been authorized to act on behalf of an individual or business entity listed above; or
- A news-gathering organization as defined in KRS 189.635(8)(b)1a. to e.

Signature:  Date: 1/20/2026

Pursuant to KRS 61.876(4), the Office of Attorney General has promulgated by administrative regulation this form. See 40 KAR 1:040.

RE: Open Records Request

Dear Mr. McGowan:

This correspondence is in response to your request dated January 20, 2026 requesting the Kentucky High School Athletic Association ("KHSAA") provide the following records:

1. Any and all correspondence to or from the KHSAA employees and the KHSAA Board of Control members relating to the recent realignment of the 8th Region schools. This is to include but NOT limited to emails, letters, memorandums, faxes, emails, text messages and notes.
2. A copy of any and all reports, PowerPoints, and/or graphs used in the decision making process for the recent realignment of the 8th Region schools.

As a member school of the Association, a request of this nature is not necessary. You should always feel comfortable to reach out to the Commissioner or staff to get this or any other information you might need. However, in light of the formality of your request, the response is as follows.

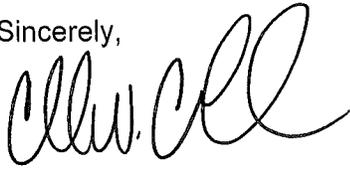

Without conceding the issue of whether the KHSAA is subject to the provisions of the Kentucky Open Records Act ("KORA"), the KHSAA responds to your request as follows:

According to KORA as codified in KRS 61.870 thru KRS 61.884, any person has the right to inspect public records. Attached to this letter, you will find a copy of the records you request. While KORA allows for charging for the actual cost for reproducing these records, as you are a member school, we require no such fee.

Additionally, there was a link to a google map that was provided to the Board as a part of their materials. That map can be viewed at <https://www.google.com/maps/d/u/0/edit?mid=1fCNqZEjT-DV46dCAM2t9wXt8BPEOK9I&ll=38.70341713703591%2C-85.76905&z=7>. Please let me know if this does not work.

Should you have any questions or concerns, please let us know.

Sincerely,

A handwritten signature in black ink, appearing to read 'Chad Collins', written in a cursive style.

Chad Collins
KHSAA General Counsel
Records Custodian

xc: Commissioner Julian Tackett

Member School Responding	District	After reviewing all input, my school votes as follows on that submitted draft alignment with no amendments	Comments
North Oldham High School	District 29	No, do not favor adoption	
Oldham County High School	District 29	No, do not favor adoption	By moving Collins into the 29th, this would not be based on a geographic decision for the entire region.
South Oldham High School	District 29	No, do not favor adoption	Any movement needs to be based on geography.
Anderson County High School	District 30	Yes, favor adoption	
Collins High School	District 30	No, do not favor adoption	Collins High School is NOT in favor making any changes to current districts OR considering Cornerstone in 29th District. Collins proposes: 1. Keep Cornerstone in 30th District and have (6) team district in 30th and 31st * Continue things as they are until Cornerstone adds more sports (currently only 3 of 7) and sustains proven years of membership in KHSAA. 2. Move Cornerstone, as the new member school looking for a home, to 29th District. All three Oldham County Schools are welcome to this option and 29th has the 'open spot'.
Cornerstone Christian Academy	District 30	Yes, favor adoption	This is what the 8th Region ADs voted to submit to the Board of Control. There were a handful of schools unhappy with the outcome, but there was no confusion on the subject.
Shelby County High School	District 30	No, do not favor adoption	If other options are available that move Woodford County or Spencer County out of the 30th so we don't have a 6 team district we are in favor of that. If this is the only option then Shelby County High School could be in favor of this to ensure there is fair and equitable opportunity for all sports to progress beyond district tournaments.
Spencer County High School	District 30	Yes, favor adoption	
Woodford County High School	District 30	Yes, favor adoption	
Carroll County High School	District 31	No, do not favor adoption	
Eminence High School	District 31	Yes, favor adoption	Eminence Schools are in favor of this proposal.
Gallatin County High School	District 31	No, do not favor adoption	
Henry County High School	District 31	No, do not favor adoption	The 31st district schools have no issue remaining a 6 team district
Owen County High School	District 31	No, do not favor adoption	
Trimble County High School	District 31	No, do not favor adoption	I would like to see Gallatin stay in the 31st and keep us as a 6 team district.
Grant County High School	District 32	Yes, favor adoption	I'm still in favor of the plan, though I'd be ok with Gallatin staying in district 31 as well. The main reason we moved Gallatin to 32 in the proposal was that we were under the impression that the Board didn't want 3 team or 6 team districts.
Simon Kenton High School	District 32	Yes, favor adoption	
Walton-Verona High School	District 32	No, do not favor adoption	Walton-Verona would like to keep the 32nd district as it currently stands. Walton-Verona was under the assumption that was not a choice in the beginning.
Williamstown High School	District 32	No, do not favor adoption	It is not enough, Simon Kenton and Walton-Verona need to go to the 9th.

OPTION	TOTAL
No, do not favor adoption	12
Yes, favor adoption	7

Member School Responding	District	After hearing all input, my school votes as follows on leaving District 31 intact as it is now.	Comments on D31
North Oldham High School	District 29	Yes. leave intact with six teams	
Oldham County High School	District 29	Yes. leave intact with six teams	Leaving 6 team districts is a reasonable solution allowing for the 8th region to be in tact
South Oldham High School	District 29	Yes. leave intact with six teams	We do not have an issue with six-team districts.
Anderson County High School	District 30	No, do not leave this six-team district	I do not have an issue with this district as aligned because of the school sizes and inconsistent sport offerings, which makes each sport have a seemingly unique competitive balance ; however, a yes vote for this issue will invalidate any argument for moving Collins. District 30's make up and six team inclusion is fundamentally different than District 31. There is an unknown quality to this District because of Cornerstone's inception and intent to create teams beyond BB and Volleyball. That said, if the board of control is seeking to find some sort of inconsistency in this logic, this would be the place to do it. Upon further inspection comparing the 30th and 31st's issues relative to six teams is a false equivalence. That said, if moving Gallatin is the only path of changing out Collins then my vote must reflect that logic, however flawed. It would be more appropriate to move Woodford into the 11th and keep Collins. So much of this is about Boys BB, which is a "reality" that is unfortunate and short-sighted. But if that paradigm must be taken at face value, then we must conclude that Woodford plays with mostly Lexington kids at this point, and the consistency within the District's balance is fraught as a consequence.
Collins High School	District 30	Yes. leave intact with six teams	If the 8th Region is going to support a (6) team district in D31 - why wouldn't we also support 6 team district in D30. Cornerstone is only playing 3 of 7 sports offered - so if things stay status quo D30 would only be six team district in (3) sports and a five team district in (4) sports.
Cornerstone Christian Academy	District 30	No, do not leave this six-team district	We don't think any district should contain six teams (voluntarily or otherwise).
Shelby County High School	District 30	No, do not leave this six-team district	6 team districts hinder an equitable and fair playing advantage for other districts.
Spencer County High School	District 30	Yes. leave intact with six teams	I voted in favor of the proposal to move Gallatin to 32nd and Collins to 29th. Spencer County is not in favor of the 30th district being a 6 team district, and does not support 3 team districts. However if the 31st supports being a 6 team and we can rectify the 3 team issue I can support this request.
Woodford County High School	District 30	No, do not leave this six-team district	
Carroll County High School	District 31	Yes. leave intact with six teams	
Eminence High School	District 31	Yes. leave intact with six teams	While we are in favor of the proposed alignment, however we are also ok with remaining with our current alignment.
Gallatin County High School	District 31	Yes. leave intact with six teams	We chose to be a six team district when we voted yes to allowing Trimble to enter and we wish to remain as is
Henry County High School	District 31	Yes. leave intact with six teams	
Owen County High School	District 31	Yes. leave intact with six teams	
Trimble County High School	District 31	Yes. leave intact with six teams	Having us all as a 6 team district works for us. We are happy with it. We all work will with each other and wish to keep us how we are.
Grant County High School	District 32	Yes. leave intact with six teams	I'm still in favor of the plan, though I'd be ok with Gallatin staying in district 31 as well. The main reason we moved Gallatin to 32 in the proposal was that we were under the impression that the Board didn't want 3 team or 6 team districts.
Simon Kenton High School	District 32	No, do not leave this six-team district	
Walton-Verona High School	District 32	Yes. leave intact with six teams	
Williamstown High School	District 32	Yes. leave intact with six teams	I think the bigger issue is the 3 team district.

OPTION	TOTAL
Yes. leave intact with six teams	14
No, do not leave this six-team district	5

Member School Responding	District	Do you feel It is a competitive advantage in baseball when a district has six participating teams and another has three teams?	Do you feel It is a competitive advantage in basketball when a district has six participating teams and another has three teams ?	Do you feel It is a competitive advantage in soccer when a district has six participating teams and another has three teams ?	Do you feel It is a competitive advantage in softball when a district has six participating teams and another has three teams?	Do you feel It is a competitive advantage in volleyball when a district has six participating teams and another has three teams?	Does your school favor the Board making independent determinations on district composition where having one six-team district is possibly approved but another is not?	Comments on competitive advantage (or lack thereof) or any of these other questions from this school
North Oldham High School	District 29	No	No	No	No	No	No, a Board policy helps with standardization no matter how uncomfortable	The question has come up about an advantage with a three-team district in baseball. As a baseball coach with 20+ years of coaching experience, I can tell you that once you reach the regional tournament, the pitching starts over for every team. There may be a slight advantage in the district tournament with only 3 teams, but from the regional on, there is no real advantage, there is enough rest days for each school to reset their pitching.
Oldham County High School	District 29	No	No	No	No	No	No, a Board policy helps with standardization no matter how uncomfortable	This should be a decision for the region - we are either ok with 3 and 6 team districts or we are not. We should not pick and choose
South Oldham High School	District 29	No	No	No	No	No	No, a Board policy helps with standardization no matter how uncomfortable	It has to be one way or the other. We can have six teams or we cannot. If they are wanting to be a six-team district there is no competitive advantage. They are okay with a six-team district.
Anderson County High School	District 30	Yes	Yes	Yes	Yes	No	Yes, all situations are different	I think all situations are different, but we also must concede that the 8th region is an odd duck geographically. The advantages enjoyed by a three team district far outweighs the problems associated with a six team district.
Collins High School	District 30	Yes	No	No	No	No	Yes, all situations are different	*Collins is fine with (3) team districts and (6) team districts. Around the state seven districts currently have 3 teams. If we are worried about district 29 are we also going to mess with these six other (3) team districts? We don't think its necessary to reconfigure all those districts just to fit one mold. But then why pick on district 29? *Collins understands the pitching situation of a three team baseball district. If we want to discuss baseball separately, we can do that. But please don't adjust an entire district based on one sport - baseball.
Comerstone Christian Academy	District 30	Yes	Yes	Yes	Yes	Yes	No, a Board policy helps with standardization no matter how uncomfortable	
Shelby County High School	District 30	Yes	Yes	Yes	Yes	Yes	No, a Board policy helps with standardization no matter how uncomfortable	6 team or 3 team districts hinder an equitable opportunity for a team/school to progress to the next round of postseason play. If all options are open to create equitable districts Shelby County High School would be in favor of schools moving out of the 8th Region to create equitable team amounts.
Spencer County High School	District 30	Yes	Yes	Yes	Yes	Yes	Yes, all situations are different	
Woodford County High School	District 30	Yes	Yes	Yes	Yes	Yes	Yes, all situations are different	
Carroll County High School	District 31	Yes	No	No	No	No	Yes, all situations are different	
Eminence High School	District 31	No	No	No	No	No	Yes, all situations are different	
Gallatin County High School	District 31	Yes	No	No	Yes	No	Yes, all situations are different	
Henry County High School	District 31	Yes	No	No	No	No	Yes, all situations are different	
Owen County High School	District 31	No	Yes	Yes	Yes	Yes	Yes, all situations are different	
Trimble County High School	District 31	No	No	No	No	No	Yes, all situations are different	When Trimble County was in a four-team district with the Oldham County schools, those schools already had a competitive advantage due to larger enrollments and greater depth, especially in baseball. After our move to the 31st District, the Oldham County schools became a three-team district, but this change did not create any new advantage for them. They had the same ability then—as they do now—to save top pitchers for regional play. Any advantage they have now existed when the district had four teams.
Grant County High School	District 32	Yes	Yes	Yes	Yes	Yes	Yes, all situations are different	The biggest advantage to the 3-team district is the additional rest the top team gets to take advantage of.
Simon Kenton High School	District 32	Yes	Yes	Yes	Yes	Yes	Yes, all situations are different	The more games you have to play in a district tournament only makes it harder on those teams who are competing....especially while some teams will only play one game. Huge competitive edge in baseball with pitching, in basketball with rest time, etc.
Walton-Verona High School	District 32	Yes	Yes	Yes	Yes	Yes	No, a Board policy helps with standardization no matter how uncomfortable	
Williamstown High School	District 32	Yes	Yes	Yes	Yes	Yes	Yes, all situations are different	

OPTION	Yes	No
Do you feel It is a competitive advantage in baseball when a district has six participating teams and another has three teams?	13	6
Do you feel It is a competitive advantage in basketball when a district has six participating teams and another has three teams ?	10	9
Do you feel It is a competitive advantage in soccer when a district has six participating teams and another has three teams ?	10	9
Do you feel It is a competitive advantage in softball when a district has six participating teams and another has three teams?	11	8

Do you feel it is a competitive advantage in volleyball when a district has six participating teams and another has three teams?	9	10
--	---	----

OPTION	No, a Board policy helps with standardization no matter how uncomfortable	Yes, all situations are different
Does your school favor the Board making independent determinations on district composition where having one six-team district is possibly approved but another is not?	6	13

Member School Responding	District	Does your school believe that the ability to host an event in its traditional time frame is important for the Board to consider?	Would your school be open to discussions and considerations of an alternative regional tournament format in the event of an imbalance of geographically placed district teams.	Does your school favor delaying implementation of a solution until more local discussion can be held?	Comments on hosting events, format variations or timelines
North Oldham High School	District 29	Yes	Yes	Yes	There are always ways to schedule creatively to get the games completed by the deadline.
Oldham County High School	District 29	No	Yes	Yes	Having a 5 or 6 team district does not impact the number of nights it takes to complete a tournament. It will only add an additional first round play in game (3 vs 6 instead of only a 4 vs 5) We are in favor of a super regional format for all 7 sports Region survey results should be discussed by the 8th region before the board votes.
South Oldham High School	District 29	No	Yes	Yes	There is no difference in a 5 or 6 team bracket if 1 and 2 get a bye. The region should be able to discuss the results prior to any decision being made.
Anderson County High School	District 30	Yes	Yes	No	Six team districts have already baked in their hosting duties, and as such they are not being asked to transition, with the exception of the 30th. As an AD in the 30th, I def worry about weather for Baseball/Softball and time for BB, since we host boys AND girls at the same time.
Collins High School	District 30	No	Yes	Yes	*Collins is VERY MUCH in favor of a Baseball SUPER REGION. Highlighting the best teams in the region instead of losing some due to district competitions. *If six teams stayed in D30, we would need to add one more night of play to the g/b basketball district tourney - none of the other sports. Girls Volleyball, the other sport played by Cornerstone, has room in the schedule on night one to add an additional game without adding an additional night to entire event. *Is Cornerstone equipped to host district tournaments with their facility?
Cornerstone Christian Academy	District 30	No	No	No	We already had the discussion. The school(s) who didn't like the outcome may be attempting to muddy the waters of the discussion, but it was already decided. If CCA were geographically the closest to the 29th District, you wouldn't have heard a word from us.
Shelby County High School	District 30	Yes	Yes	No	Shelby County is not in favor of delaying the implementation for more consideration. Adding additional nights is not a problem in sports where weather isn't an issue (basketball vs. baseball). But SCHS is also not sold on changing format. The current format is fine, but the number of schools within the 8th region that could be moved elsewhere is what could help this problem most.
Spencer County High School	District 30	Yes	Yes	No	While we do not currently support a super region format we are open to discussion on the details. Due to our gym capacity we host single sessions during district basketball tournament. Adding a 5th team forced us to start the tournament on Sunday, we do not want the addition of teams to potentially eliminate us to host our district basketball tournament.
Woodford County High School	District 30	Yes	No	No	
Carroll County High School	District 31	No	Yes	No	
Eminence High School	District 31	No	Yes	No	We are in favor of the current district formatting, but would consider alternate options such as Super Regionals.
Gallatin County High School	District 31	No	Yes	Yes	
Henry County High School	District 31	Yes	Yes	Yes	The 31st district has managed 6 team district tournaments for quite a few years and had no issue completing the tournament in the current designated time frame. Regional tournaments as well in the current time frame. I think baseball would be the only sport that a regional format change could make sense.
Owen County High School	District 31	Yes	Yes	Yes	
Trimble County High School	District 31	No	No	Yes	
Grant County High School	District 32	No	Yes	No	
Simon Kenton High School	District 32	Yes	Yes	No	
Walton-Verona High School	District 32	Yes	Yes	No	
Williamstown High School	District 32	No	No	Yes	

OPTION	Yes	No
--------	-----	----

Does your school believe that the ability to host an event in its traditional time frame is important for the Board to consider?	9	10
Would your school be open to discussions and considerations of an alternative regional tournament format in the event of an imbalance of geographically placed district teams.	15	4
Does your school favor delaying implementation of a solution until more local discussion can be held?	9	10

Member School Responding	District	Please share your thoughts and considerations about the placement of teams into districts when they first becomes eligible and are still attempting to build participation, including waiting periods, geography, minimum number of sports, minimum enrollment, etc.	Please share any additional comments desired.
North Oldham High School	District 29	When new small school comes in, they only offer a handful of sports. Cornerstone Christian is only going to offer three sports from what I have been told: men's basketball, women's basketball, and volleyball. It was stated at our last meeting that Cornerstone could not be added to a three-team district because, in essence, it would still be a three-team district. Then logic would say, that if Cornerstone was added to a current 5-team district, it would really still be a five-team district. No reason to upset the entire apple cart when Cornerstone is basically going to be a non-factor in its current size. If Cornerstone grows over the next few years and they are able to offer more sports, then the region can re-visit the realignment issue at that time.	There is no logical reason to move Collins out of their district and break up the natural district rivalry, etc. If the schools in the 30th district are strongly opposed to becoming a six-team district, then Cornerstone should be placed into the 29th district where there is an open spot. The difference in the distance between Collins and Cornerstone coming to the 29th is negligible, so no reason to realign a well-established 30th district for a new, small school when the 29th has room for them. Adding Cornerstone to the 29th district is the easiest, simplest, and most common sense solution.
Oldham County High School	District 29	I think that there is a big difference including a school that is coming in playing 3 sports impacting district/regional play than a school with all 7 established sports. A school only fielding less than 50% of the district championship sports should not impact the entire region. We would be uprooting long standing traditions and district/region alignment for a school participating in 3 championship tournaments for postseason play. When asked at an 8th Region AD meeting, Cornerstone Christian's AD could not tell the group the high school enrollment of his school and only said they hoped to add the additional 4 sports (boys and girls soccer, baseball and softball). They did not have facilities or programs in place according to their AD.	I believe the 8th region should be left alone and remained as is only moving Cornerstone Christian to the 30th region. 29th, 31st and 32nd districts would remain in tact As a region, we should either be ok with 3 or 6 team districts or not. We should not say it is ok to have a 6 team in one district but not the other. If we are not and want to have 4-5 team districts throughout the 8th region, we should have to realign the entire region, which may lead to realigning the entire state. Realigning the current teams in the region based on geography was not discussed by the region ADs or the Board of Control.
South Oldham High School	District 29	They should be put in the district that is geographically closest.	Leave it alone. If you are not okay with 3-team districts then the entire region just needs to be re-aligned. If they don't want to re-align the region then there is no reason to have the conversation. Can't have it both ways.
Anderson County High School	District 30	I think we need to be cautious of these small schools who enter. While Cornerstone Christian coming in has highlighted the stark issue with having a 3 team district, we must also recognize that these schools will not always field teams in each sport, even if that is their stated goal. However, if the entrance into our region with these new schools so dramatically illustrates the numerical disparity, then we might be needing to look at a more flexible model in the future, where we have district tournaments (which are culturally important, particularly in Anderson County) but a regional format that allows for growth more readily.	We were tasked, very plainly, with developing a regional model that eliminates the 3 team district. We did that and in doing so opened some wounds. If the BoC goes make on our decisions, after being told the board was keen on us blazing our own path, that would be unfortunate. Those wounds will have been opened for nothing, and our region will feel as if we teeter on the edge of unknown changes and possible unfair competitive balance.
Collins High School	District 30	<p>* A major problem Collins has is 'turning over the entire apple cart' for a new member school that hasn't proven longevity in KHSAA participation or the guarantee they will add more sports. There is no financial obligation or contractual connection to Cornerstone staying in the KHSAA. What happens if Cornerstone decides the KHSAA isn't for them anymore and they want to leave. The 8th region has gone through the pain of moving and adjusting schools for NO SURE BET. Cornerstone has 26 boys and 25 girls enrolled 9-12 grades. Fielding more teams, especially ones like baseball and soccer that take larger numbers of kids, seems unlikely at this time.</p> <p>* If Community Christian (Independence, KY) was added to 8th Region, Region 8 would include 20 teams total. The only other region EQUAL or HIGHER in numbers to that is Region 9 (21 teams). ALL OTHER REGIONS IN STATE have between 14-19 teams in their region.</p> <p>* If trends continue, and the KHSAA increases member schools, we should look at geographical outliers within 8th region and do some shifting. This would highlight how 'non' geographical some of the 8th region really is.</p>	Collins is in favor of no movement at this time. Let things 'shake out' with Cornerstone and evaluate if more schools are/should enter or exit Region 8.
Cornerstone Christian Academy	District 30	<p>It should be done by geography. If main sports (football excluded) aren't classed, what other way can be done without showing obvious favor?</p> <p>Personally, I've been advocating to many schools to make the switch, Community included. I was the driving force behind Heritage (Hopkinsville) joining. I would not continue to do so if larger schools are allowed to dictate alignment.</p>	Geography is the driving force behind alignment, or it isn't.

Shelby County High School	District 30	With the number of schools that have opened since 2015 we feel it may be best to reset the entire association Region 1 - Region 16. This will help with new schools opening to balance the number of schools within a region and geographically where they are located.	Shelby County High School has been a part of the 8th Region almost since its inception. We have seen multiple schools come and go from this region and feel a reset to the entire system may be needed. The 8th Region and others close by keep changing every 4 to 5 years, but to balance travel, number of schools, and equitable opportunity in postseason, a change with the entire association may be best for all schools.
Spencer County High School	District 30	There is no simple answer to the questions, every team creates their own unique circumstances that must be weighed by everyone. It does make it difficult when teams become full members but only participate in a few sports. It may only be a few sports but adding a team to a district at times can have some pretty drastic consequences.	
Woodford County High School	District 30		
Carroll County High School	District 31		
Eminence High School	District 31	We are comfortable about short term placements for new schools while more formal plans can be approved.	We are comfortable about either the proposed plan or keep our current alignment in terms of Eminence. Our biggest fear and fight would be in any consideration that would move us in with the Oldhams. If Trimble was removed from that district due to competitive disadvantages, then Eminence (being even smaller than Trimble) should not ever be considered for moving. If someone from our district would be to move, I believe Henry would be the best option since they are roughly the same size as the Oldham's in terms of their enrollment. Geographically, this might even make more sense than Collins. Thanks for being thorough and soliciting feedback on this important decision.
Gallatin County High School	District 31	I feel that said district where that school is placed should be left intact, as is, until time is given to see how those small schools will develop. I do not feel it is fair to blow up a district/region for a school who has three to four sports and small numbers. If they are around in a few years, then rediscuss if needed.	I feel that it is in the best interest of everyone right now to leave as is and create a Super Region for baseball and softball. This solves the competitive advantages of the three team district.
Henry County High School	District 31	I think important points to consider with new schools entering is their ability to field and maintain teams in multiple sports. If a school has a limited sport offering even after post season eligibility is established maybe a conversation surrounds those sports that are offered singularly and not an entire change in alignment. I do not think there is a one size fits all when it comes to doing what is best for growing the participation of students athletes at their respective schools.	Through all of my conversations I do think the glaring points of a region realignment are that there is not a one size fits all/blanket rule that can be used to do what is best for each schools particular situation. Considerations have to be made for what is best for growing participation and involvement for students at their respective schools.
Owen County High School	District 31	The number of sport offerings a school has should be a consideration.	
Trimble County High School	District 31	It is difficult to make long-term district placement decisions for newly eligible, small schools when enrollment and sport offerings are still uncertain. Immediate realignment can cause unnecessary disruption, especially if participation or enrollment declines within a few years. Waiting periods and minimum thresholds should be considered before permanent placement.	I appreciate KHSAA for distributing this survey and seeking input from member schools directly affected by these decisions. I remain very appreciative of the decision to move Trimble County to the 31st District several years ago. Since that move, our culture has improved, student confidence has grown, and a defeat mentality has begun to fade. Financially, attendance has increased as our community is more engaged and traveling to see competitive, meaningful games against schools we align with geographically and competitively. The 31st District is a unique situation where all schools work well together, and it simply makes sense culturally, financially, and geographically. Thank you for the continued work KHSAA does and for valuing member school input in this process.
Grant County High School	District 32	Since this is just my second year here at Grant County, I'm not sure if Cornerstone had a "probationary" period, but in Colorado (where I spent the 15 years previously before coming to Grant County) a school had a 2-year probation period where they could play game but not be eligible for any post season competition. This allowed them to show that they could participate in the sports they offered, host at reasonable venues, handle logistics of running events, etc before they became full members eligible for post season competition. It kept some new schools from becoming members of CHSAA and showed that others we're capable of being good members of the association.	My main reason for voting yes for the proposal sent in was that it was the least movement in satisfying no 3-team or 6-team districts. Trimble could have moved back with the Oldhams, but there still would have been 6 teams in district 30. Eminence & Henry County could go with the Oldhams, but you'd have the same situation in 30. I do think there should be at least one school added to district 29 to eliminate the 3-team district. Collins and Trimble could both go to 29, and we'd have districts with 4, 5, 5 & 4.5 teams (Cornerstone being the .5 with only 3 sports to start with.) If you're thinking of Community Christian coming into the 8th Region in the near future and not re-aligning regions completely, that would allow a spot to put them with us in the 32nd without making a 6-team district again. And if Cornerstone adds the sports they're planning on by then, we'd have 4 5-team districts at that point.
Simon Kenton High School	District 32	I think the discussion needs to be at the earliest stages. Waiting until they are eligible for post season play is too late in my opinion. If the 8th region is a landing spot for Community Christian, it might cause people to want to re-align again.	
Walton-Verona High School	District 32	I believe teams should have a probation period when they initially join the association to ensure that they can adequately field teams in a majority of sports.	

Williamstown High School	District 32	<p>If you want these small schools to become KHSAA eligible then you have to let them join after their probation period is up. If they can't field all the teams then so be it.</p> <p>In the 32nd Williamstown is most always the 4 seed in baseball and softball. they can get by with throwing their 3rd or 4th pitcher and still win easily. but every few years we have a competitive team and for us that is what it is about. Don't penalize them for being small.</p>	<p>I would love to see a complete overhaul with region alignment. I have schools in the 8th that I will never schedule for several reasons. 1. Distance Williamstown to Oldham 1hr 15min, North Oldham 1 hr 16 min. and those are big schools that we can not compete with.</p> <p>I would like to see us go to a Class regional and State tournament for Basketball. divided by enrollment.</p>

4.2.1.2. Region 8 Realignment Discussion and Next Steps

Rationale

This topic has been discussed by the Board of Control for several meetings. At the Board's request an addi data to be gathered.

If the regional schools were making the final decision, an attributed survey (and secret ballot) might not be recommendation for an item that the board itself must make the final determination, the members felt it i in a manner that could be made public

The results of that survey data are attached . The board must determine if any action needs to be taken, ar that this is an issue that will not be solved by consensus at the local level

<https://www.google.com/maps/d/u/0/edit?mid=1fCNqZEjT-DV46dCAM2t9wXt8BPfEOK9I&ll=38.80996668>

Recommended Motion

Accept the item as presented and direct any action necessary based on the discussion

Full Board of Control
January 15, 2026 11:30 AM
KHSAA Office
Lexington, KY

Convene Board of Control: 8:00 AM

Present Board Members:

Greg Howard
Russell Thompson
Matt Wilhoite
Jim Demler
Damon Kelley
Gavin Washington
Michael Phillips
David Zuberer
Randy McCallon
Claudette Herald
Brandy Carver
Mandi Hudson
Noel Crum
Chuck Mullins
Donna Moir
Jeremy Roach
Terry Yeast

Absent Board Members:

Brian Courtney

KHSAA Staff:

Julian Tackett
Butch Cope
Joe Angolia
Darren Bilberry
Sarah Bridenbaugh
Rob Catron
Jenny Elder
Kara Howard
Abby Jackson
Brian Milam
Jeanie Molloy
Chad Collins

Others Present:

David Couch represented KDE / KBE
DT Wells, Scott County District Athletic Director

Representatives of High School Tennis:
Tim Dethridge, President of KYHSTCA
Bryan Fazenbaker, KYHSTCA
Bobby Smith, North Laurel High School Tennis

Representative of schools from Region 8:
Kate Tucker, Collins High School Athletic Director
Christy Otten, Gallatin County High School Athletic Director

Commissioner and General Counsel desire Board to go into Closed Session per KRS 61.810 (c) to review legal matters

- **Pledge and Reflection**
 - **Pledge-Jim Demler**
 - **Reflection-Randy McCallon**

Consent Agenda

Legal Session for Update on Specific Items

During the work session, Commissioner Tackett and General Counsel requested the Board go into Closed Session per KRS 61.810 (c) to review legal matters, pending, ongoing and threatened.

Motion Passed (17-0):

Moved to go into closed session per KRS 61.810(c). Passed with a motion by Randy McCallon and a second by Claudette Herald.

Regulatory Reports

The Board of Control annually elects from its membership, a President-elect to serve the following year, and then transition to the President position in the second year following.

Board members are reminded that the officers for the following year are elected at the 5th meeting of the year, which will be held on February 20.

As adopted, the procedure for the election is as follows:

ELIGIBILITY AND NOMINATIONS

To be eligible to seek the position of President-elect, the individual shall be in at least the second year (rising to the third year) of his/her first term, or in his/her second term.

Nominations shall be made in open session with a motion from a sitting member of the Board of Control. No second shall be required for the nomination.

BALLOTING

Balloting shall be done in open session with a public vote.

ELECTIONS WITH ONE CANDIDATE

In an election with one candidate, the candidate shall receive at least ten (10) votes to be elected or may be elected by approval of a properly made motion to accept the candidate by acclamation.

ELECTIONS WITH TWO CANDIDATES

In an election with two candidates, a candidate shall receive at least ten (10) votes to be elected.

A ballot that is tied or in which no candidate receives ten (10) votes shall be repeated a maximum of two times.

If three ballots are held with no member receiving ten (10) votes, the election shall be decided by a coin toss with the candidate alphabetically listed first having "heads" on the coin.

ELECTIONS WITH MORE THAN TWO CANDIDATES

In an election with more than two candidates, a candidate shall receive at least ten (10) votes to be elected.

If no candidate receives ten (10) votes and one candidate has a greater number of votes than the other two (2) candidates, and the other candidates not having the greater number of votes are tied, a candidate shall be eliminated by coin toss with the candidate alphabetically listed first having "heads" on the coin. The election shall then proceed according to either section (2) or (3) above based on the number of remaining candidates.

If no candidates receive ten (10) votes and one candidate has a greater number of votes than the other two (2) candidates, and the other candidates not having the greater number of votes are not tied, the candidate shall be eliminated with the fewest votes. The election shall then proceed according to either section (2) or (3) above based on the number of remaining candidates.

The current Board classes are listed below (with eligible officer members under the previously adopted policy underlined). It is further noted that any third-year member (rising to fourth) who cannot seek an additional term could seek the position but would not be able to serve as president after expiration of board eligibility):

2026 (4th year)

Courtney, Brian *

McCallon, Randy *

Moir, Donna *

Phillips, Michael *

Zuberer, David *

2027 (3rd year)

Hudson, Mandi *

Howard, Greg

Carver, Brandy *

Wilhoite, Matt

2028 (2nd year)

Crum, Noel *

Demler, James

Herald, Claudette

Mullins, Chuck *

Thompson, Russell

2029 (1st year)
Kelley, Damon
Roach, Jeremy *
Washington, Gavin
Yeast, Terry *
* Eligible to seek Additional Term

Board of Control Election Status Report

The Commissioner will update the Board members on the status of ongoing elections to replace outgoing members

At this time, the following currently serving members are eligible to seek an additional term, provided they continue to remain eligible to be on the Board of Control

McCallon, Randy (subject to KBE reappointment)
Courtney, Brian
Moir, Donna
Phillips, Michael
Zuberer, David

All except Mr. McCallon will have nominations solicited beginning January 16 and with nominations due by January 30.

Ballots will be distributed on Tuesday, February 3 to be received back by Tuesday, February 10.

Accept the Regulatory Reports as Submitted and direct any necessary action

Prior to the adoption of an alignment for 2027-28, this presents an opportune time to look at suggestions that have been made about bracketing and or pairings within the playoffs

The board previously set up pairings to be played for this first two rounds within District as a means of addressing travel. While this was very much favored by many senior administrators, it was not very well thought of by the coaching community. The Board heard several survey reports and made the determination that pairing schools in the early rounds by "sister" districts would be more favored by the membership.

However one thing that is already apparent with this current system is the return of an even wider spread of score between games in those early rounds. In addition, repeated matchups always lead to less of an opportunity to improve support and strengthen attendance. Our own championship games are evidence of what happens when the same teams repeatedly come.

One concept that might work would be to continue the sister district plan for the first round and then begin a cross state or semi-state bracketing for the 2nd and 3rd rounds. This would likely allow for newer matchups and better match ups and could still use the same ranking system that's automatically calculated now.

Our own score data could continue to be used and a new perspective on matchups during that critical time that the coaches have always identified is so important for football to be in the spotlight, and that's the time between the regular season end and the time for the start of winter sports regular season.

it would be appropriate to have a discussion among the board and gather thoughts and see what other data might be necessary. Likely these type of decisions have to be made before an alignment is drafted as once the alignment is known and pairings are known it will likely skew the opinions of different people looking at the system.

2. Football Alignment and Competition Rules Discussion

Motion Passed: Accept the report and direct any subsequent information to be brought to the February board meeting passed with a motion by Noel Crum and a second by David Zuberer.

Prior to a draft alignment being considered, there's been significant conversation and a request for the board to continue discussing options around football alignment parameters. Some of those options will be detailed during these discussions

At the same time these discussions are being held and prior to an alignment being developed the board should be aware that the Commissioner is issuing a moratorium on the signing of contracts for 2027 and 2028 playing seasons . Interestingly while many schools have not yet even submitted their spring football practice for 2025 26 they are jumping ahead and trying to schedule games for 2027-2028 and beyond and this step became necessary

There are two common factors in use and examples are attached-

- Discussion of Success Factor in Alignment Development for postseason play, and review of options already existing in other states.
- Discussion of a multiplier for specific schools

"Enrollment Thresholds
Divisions,
Bracketing,
Format,
Senior Night Ceremonies,
Participation Numbers, etc"

3. Strategic Discussion of potential three-year pilot project on soccer postseason

Based on input from the membership over several meetings, it is important to have a discussion about the possibilities and ramifications, both pro and con, of doing a different structure for postseason in soccer than perhaps it's being done in other sports. The discussion would likely need to center specifically around that sport with a time limit on how long data will be collected, and exactly what data would be relevant to be collected to determine if the experiment could continue

Items for Discussion and Possible Action

Finance and Operations

- Approve Minutes, November 2025 Board Meeting
 - o Approval and directive, past minutes of the Board of Control

Motion Passed: Authorize the Commissioner and General Counsel to correct this omission using the data available in the KSBA system, refine the format of the minutes, and seek signatory authorization of the two officers in place for each of those years with the project to be completed by April 1, and resultant information published on the KHSAA website. passed with a motion by Randy McCallon and a second by Mandi Hudson.

At present, and for a couple of years, the minutes of the Board of Control have been presented at the subsequent meeting, and after discussion and / or clarifications, have been approved. Unfortunately, in each of those cases, the meetings remain labeled DRAFT when published and have not been signed as official and authentic by the current year authors.

This is an important step for the historical data within the association.

Approve Financial Reports for July to Current

This topic has been discussed by the Board of Control for several meetings. At the Board's request an additional survey was submitted with clarification on the reasons for the additional data to be gathered.

If the regional schools were making the final decision, an attributed survey (and secret ballot) might not be necessary. But because the board is in the position of accepting a recommendation for an item that the board itself must make the final determination, the members felt it important to seek the recorded vote of all 19 schools and have that vote be done in a manner that could be made public

The results of that survey data are attached . The board must determine if any action needs to be taken, and if so, what that appropriate action is . It is also extremely clear from the survey that this is an issue that will not be solved by consensus at the local level

The staff has worked since the board's approval in November of the change in the tennis format, on possible sites a list of both region and potential state first round sites that have been compiled are presented to the board for information.

It is desired to go ahead and approve the State first round sites for 2026 at the January meeting and then have further discussion in February as to a possible long term rotation of the regional pairings. Obviously a lot of the feedback around the format will generally ultimately come down to competitive concerns, particularly if regional pairings are always such that some pairings are repeated each year.

Because many of the schools have been traveling throughout the state to come to the state tournament in past years when facilities were large enough to hold things at 1 or two sites, Dividing the state into two halves for the state first rounds and coming up with some form of rotation may be a very positive step and also a strong step in ensuring that facilities meet the standard expected , regardless of the number of courts

Review of Feedback and Next Steps- Approved Tennis Format Revisions

Motion Passed: Accept the item as presented and direct any action necessary based on the discussion passed with a motion by Jim Demler and a second by Greg Howard.

The current fee schedule for the KHSAA is listed online at <https://khsaa.org/standard-varsity-officiating-and-licensing-fees-for-2025-2026/>

A comparison of officials fees in adjacent states is listed as compiled at https://docs.google.com/spreadsheets/d/12r6jtf6vS6yzP-WKnDqDubsilf_0nz6Y3us1geIJEzU/edit#gid=631027076

This review of basketball and wrestling starts a four-year review of officials fees as we attempt to address the needs of the officials and balance that with the budgets of the schools. In some cases, an honest review of ticket prices at the gate may be necessary, especially for those schools where the rising costs of officials has not led to any adjustment of fees.

This change is only for varsity, and would be restricted to the varsity level in basketball and wrestling for this year, with no corresponding change in the regional travel allowance.

Along with this increase would come the requirement for score reporting of contest scores by officials in basketball through the arbiter platform that also includes their fee.

Accept the report of the Review of Officials Fees - Basketball & Wrestling

- Comments Related to Agenda Item - Frankfort Independent (Original request)

Convene Full Board of Control (President Howard)

Pledge of Allegiance: Terry Yeast

Reflection: Brian Courtney

Mr. Courtney shared a personal reflection on the importance of athletics in life. He recounted how he learned discipline from taking karate at a very young age. He also spoke fondly of his middle and high school basketball coach, Coach Steve Duncan, who became almost like a family member to him. Coach Duncan taught him the importance of relating to student-athletes as people, not just players.

Consent Agenda

Legal Session for Update on Specific Items

During the work session, Commissioner Tackett and General Counsel requested the Board go into Closed Session per KRS 61.810 (c) to review legal matters, pending, ongoing and threatened.

Motion Passed (16-0):

Moved to go into closed session per KRS 61.810(c). Passed with a motion by Greg Howard and a second by Randy McCallon. Greg Howard Yes, Matt Wilhoite Yes, Jim Demler Yes, Damon Kelley Yes, Gavin Washington Yes, Brian Courtney Yes, Michael Phillips Yes, David Zuberer Yes, Randy McCallon Yes, Claudette Herald Yes, Brandy Carver Yes, Noel Crum Yes, Chuck Mullins Yes, Donna Moir Yes, Jeremy Roach Yes, Terry Yeast Yes.

No action was taken during Closed session.

Motion Passed (16-0):

Moved to come out of closed session. Passed with a motion by Noel Crum and a second by Terry Yeast. Greg Howard Yes, Matt Wilhoite Yes, Jim Demler Yes, Damon Kelley Yes, Gavin Washington Yes, Brian Courtney Yes, Michael Phillips Yes, David Zuberer Yes, Randy McCallon Yes, Claudette Herald Yes, Brandy Carver Yes, Noel Crum Yes, Chuck Mullins Yes, Donna Moir Yes, Jeremy Roach Yes, Terry Yeast Yes.

Work Session Items

Items for Information of the Board and Approval

Operations Reports

- o Non-Championship Reports from Staff
- o Sports Reports from Staff
- o Arbiter Sports Update
- o Officials Licensing Updates
- o Disqualification Report and Comparison
- o Transfer and Appeals Eligibility Report
- o Report of Section 2 Meeting
- o Review of Region Tournament Experimental Format Criteria and Future

Motion Passed (16-0):

Accept the Operations Reports as submitted and direct any necessary action passed with a motion by Claudette Herald and a second by Matt Wilhoite. Greg Howard Yes, Matt Wilhoite Yes, Jim Demler Yes, Damon Kelley Yes, Gavin Washington Yes, Brian Courtney Yes, Michael Phillips Yes, David Zuberer Yes, Randy McCallon Yes, Claudette Herald Yes, Brandy Carver Yes, Noel Crum Yes, Chuck Mullins Yes, Donna Moir Yes, Jeremy Roach Yes, Terry Yeast Yes.

Regulatory Reports

- Status of Regulation Promulgation
- Status of Legislative Discussions
- Bylaw 11 Financial Aid Rule Report - Update on Membership Follow-up
- Process for Complaints Concerning Coach and Personnel Non-Contest Conduct

Motion Passed (16-0):

Accept the Regulatory Reports as submitted and direct any necessary action passed with a motion by Randy McCallon and a second by Gavin Washington. Reports on Association Membership Meetings

- Discussion of Timing of Administrators Meetings.
 - The Commissioner requested feedback on best scheduling of administrators' meetings, particularly the advanced meeting, around the newly formed mentoring program.

Motion Passed (16-0):

Accept the Reports of Membership Meetings as submitted and direct any necessary action passed with a motion by David Zuberer and a second by Noel Crum. Greg Howard Yes, Matt Wilhoite Yes, Jim Demler Yes, Damon Kelley Yes, Gavin Washington Yes, Brian Courtney Yes, Michael Phillips Yes, David Zuberer Yes, Randy McCallon Yes, Claudette Herald Yes, Brandy Carver Yes, Noel Crum Yes Chuck Mullins Yes, Donna Moir Yes, Jeremy Roach Yes, Terry Yeast Yes.

Finance and Business Operations

- **TPG Sponsorship Review**
- **Main Office Technology and Maintenance - Update Report**

Motion Passed (16-0):

Accept the Finance and Business Operations Reports as submitted and direct any necessary action passed with a motion by Jim Demler and a second by Michael Phillips. Greg Howard Yes, Matt Wilhoite Yes, Jim Demler Yes, Damon Kelley Yes, Gavin Washington Yes, Brian Courtney Yes, Michael Phillips Yes, David Zuberer Yes, Randy McCallon Yes, Claudette Herald Yes, Brandy Carver Yes, Noel Crum Yes Chuck Mullins Yes, Donna Moir Yes, Jeremy Roach Yes, Terry Yeast Yes.

General Reports

- July 2026 Board Meeting Dates/Site - July 22-24 (Check in July 22) Aloft, Newport.
- Update on Member Schools - Mergers and Splits
 - Carter County Schools Merger (East / West)
 - Christian County / Hopkinsville

Hall of Fame Screening Committee

- The Commissioner updated The Board with the Hall of Fame screening committee process.

Reminders Regarding Football Finals and State Basketball

- Football Finals are slated for December 5-6, 2025 at Kroger Field.
- Basketball Finals are slated for March 11-14 (Girls), and March 18-21 (Boys) at Rupp Arena.

Around the State and Nation

Motion Passed (16-0):

Accept the General Reports as submitted and direct any necessary action passed with a motion by Randy McCallon and a second by Matt Wilhoite. Greg Howard Yes, Matt Wilhoite Yes, Jim Demler Yes, Damon Kelley Yes, Gavin Washington Yes, Brian Courtney Yes, Michael Phillips Yes, David Zuberer Yes, Randy McCallon Yes, Claudette Herald Yes, Brandy Carver Yes, Noel Crum Yes Chuck Mullins Yes, Donna Moir Yes, Jeremy Roach Yes, Terry Yeast Yes.

Discussion of Strategic Plan Initiatives and Data to Be Collected

- **Differing Types of Schools and Championships**
- **The Landscape of NFHS Member Schools in the Era of Choice – Issues**
- **Discussion of Strategic Initiative and Soccer Championship Trial Based on Membership Feedback**

Motion Passed (16-0):

Accept the Strategic Plan Initiatives and Data Issues reports as submitted and direct any necessary action passed with a motion by Randy McCallon and a second by Noel Crum. Greg Howard Yes, Matt Wilhoite Yes, Jim Demler Yes, Damon Kelley Yes, Gavin Washington Yes, Brian Courtney Yes, Michael Phillips Yes, David Zuberer Yes, Randy McCallon Yes, Claudette Herald Yes, Brandy Carver Yes, Noel Crum Yes Chuck Mullins Yes, Donna Moir Yes, Jeremy Roach Yes, Terry Yeast Yes.

Items for Review for Possible Action at a Subsequent Meeting

- **Championship and Competition Rules Information**
- **Basketball Alignment Review and Discussion**
 - **Frankfort High School Requested to Move to Region 8**
 - Representatives from Region 8 gave a presentation to The Board with reasons for the request.
 - **Region 8 Realignment Discussion and Next Steps**
 - Several reports were presented with discussion of the potential impacts, advantages and disadvantages of a realignment in conjunction with Regions 8 and 11.
- **Foundation Christian Academy Requested to Move to District 13 (Region 4)**

- The Board discussed a previous request from Foundation Christian Academy to move from a 5-team district to a 4-team district.

Motion Failed: (3-13): Accept the request from Frankfort High School to move from Region 11 to Region 8 failed with a motion by Noel Crum and a second by Terry Yeast. Greg Howard No, Matt Wilhoite No, Jim Demler No, Damon Kelly No, Gavin Washington No, Brian Courtney No, Michael Phillips No, David Zuberer No, Randy McCallon No, Claudette Herald Yes, Brandy Carver No, Noel Crum Yes, Chuck Mullins No, Donna Moir No, Jeremy Roach No, Terry Yeast Yes.

Other Sports and Sport-Activities

Wrestling Alignment and Format Discussion

For several months, staff has been reviewing a variety of alternatives to realign wrestling. The initial request dealt with the length of the regional tournaments and in particular some of the problems that regions were having finding sites due to a growing number of kids in each region.

It is apparent that with an eight-region constraint on the structure of the tournament, no small series of moves or even a wholesale geographic realignment are going to alleviate this problem. The office has looked at a variety of suggested alternatives as well as its own initiative to look at different ways of dividing teams, and nothing will balance out eight regions.

Staff is recommending at this time that no change is being made to the wrestling tournaments or alignments for this season with the exception of adding new teams in the appropriate geographic areas. However, the staff would like to bring back to the board additional information in February (with an intermediate report in January) that may lead to a membership survey on a restructuring of the tournaments.

The idea behind this restructure would be to add a round before the current regional. Whether it is titled Districts or some other title is to be determined. This would allow for smaller tournaments to be held in the first round and then a smaller than current region tournament to be held and still allow for a full 32-person bracket in each weight class at the state tournament. It is also believed that this would allow more schools the opportunity to be able to host these early rounds that certainly cannot now because of the space required.

Motion Passed (16-0):

Accept the recommendation to continue study on the wrestling tournament and alignment structure and to present this again in February for a Board review passed with a motion by Noel Crum and a second by Brandi Carver. Greg Howard Yes, Matt Wilhoite Yes, Jim Demler Yes, Damon Kelley Yes, Gavin Washington Yes, Brian Courtney Yes, Michael Phillips Yes, David Zuberer Yes, Randy McCallon Yes, Claudette Herald Yes, Brandy Carver Yes, Noel Crum Yes, Chuck Mullins Yes, Donna Moir Yes, Jeremy Roach Yes, Terry Yeast Yes.

Football Alignment and Competition Rules Discussion

- Data was presented to The Board for a potential realignment. No action will be taken until further data is available.

Items for Discussion and Possible Action

Finance and Operations

Approve 2025-26 Salary Schedule for In-Office Staff, Including Specific Job Description Changes

At its September meeting, the Board of Control approved a 3% across the board increase to the salary schedule as well as the salary of the individuals on the staff as part of the budget approval, and requested that additional data be reviewed by members of the Executive Audit and Finance Committee. Several discussions have been held with members of that committee who were briefed on the history of the salary schedule, as well as the many changes necessitated by turnover and staff. It is critical that these reviews be compliant with all restrictions around the state retirement systems in which the association participates.

In the end, as the entire Board was present in September at the meeting, Board members continue to express their appreciation for the excellent work of the staff and in some ways have a pretty good understanding of the work and time commitment the individuals are putting in. During the various briefings the Commissioner was asked to look at feasibility of additional steps to aid in stabilizing the salaries to try and ensure that retention is as big a priority as recruiting on the part of getting the right people interested in continuing their careers at the Association.

Approval of this item, in approving the working budget, would also concur with the following specific items

- A change in duties and title for Butch Cope to Senior Associate Commissioner, Chief of Staff and Director of Championships with a stipend for those extra duties in particular when necessary for him to assume duties in the absence of the Commissioner.
- A change in duties and title for Darren Bilberry to Associate Commissioner and Director of Student Eligibility Rulings with a stipend for those extra duties.
- A change in duties and title for Chad Collins to incorporate his title and duties as Board counsel, with a stipend for those extra duties.
- A change in duties and title for Jeanie Molloy to Office Operations Manager and Senior Administrative Assistant with a stipend for the extra duties as Board liaison.
- A change in duties and title for Kara Howard to Business Affairs and Operations Director, promoting from the Manager line to the Director line with a stipend for the extra duties as enumerated.
- To amend the salary schedule and individual salary amounts to comply, giving a five (5) percent increase to all full-time employees effective retroactively to July 1, 2025 and aligning the salaries for the three Assistant Commissioners.
- The change would also permit an adjustment to any probationary employee at the conclusion of that probationary period.
- Following approval for 25-26, and working with the Executive and Audit committee, the Commissioner will continue to develop for presentation to the committee, and eventually the board, a step recognition plan to incentivize performance and retention while maintaining a fiscal balance awareness.

Specific changes for the executive staff include:

- Butch Cope Senior Associate Commissioner and Chief of Staff
 - Authorized to act on behalf of the Commissioner in his absence
 - Strategic Planning & Execution - Coordinate regular review of the plan and its work in alliance with the Commissioner.
 - Project Management: Oversee and manage high-priority additional functions.
 - Help refine and strengthen internal processes, ensuring consistent application of expectations of the Commissioner and Board of Control across all staff.
 - Foster collaboration, align teams around the executive's vision, and ensure consistent communication and execution across the organization.
 - Ensure adherence to attendance and all other office policies for staff, including monitoring leave time and records.
 - Conduct weekly meetings of the Executive staff, to also include the Commissioners' administrative staff representative, and ensure follow-up action.
 - Assist with legislative work both during and between sessions.
 - Supervise all individuals charged with external communication to ensure consistency.

- Darren Bilberry Associate Commissioner and Director of Student Eligibility Rulings
 - Associate Commissioner and Director of Student Eligibility Rulings.
 - Incorporate all initial eligibility rulings for Bylaws 2-7 and 9-14 to single source.
 - Ensure compliance with all directives from the Commissioner, Senior Associate Commissioner and General Counsel to ensure the proper conduct of all eligibility matters.

- Chad Collins, General Counsel
 - Name Board of Control legal counsel to clarify all roles related to Board of Control Matters, must serve exclusively as board counsel in those matters.

- Jeanie Molloy, Office Operations Manager and Senior Administrative Assistant
 - Assume full duties as Board of Control Administrative Assistant.

- Kara Howard, Business Affairs and Operations Director
 - Promotion to new position with significant additional duties commensurate with service as Business Officer.

Motion Passed (16-0):

Accept the recommendations for the adjustments and detail the specifics approved in the minutes of the September meeting passed with a motion by Noel Crum and a second by Randy McCallon. Greg Howard Yes, Matt Wilhoite Yes, Jim Demler Yes, Damon Kelley Yes, Gavin Washington Yes, Brian Courtney Yes, Michael Phillips Yes, David Zuberer Yes, Randy

McCallon Yes, Claudette Herald Yes, Brandy Carver Yes, Noel Crum Yes Chuck Mullins Yes, Donna Moir Yes, Jeremy Roach Yes, Terry Yeast Yes.

Approve Financial Reports to Date and Authorize Continued Working Budget, 2025-2026

Motion Passed (16-0)

Accept the reports and approve continued financial operations as recommended passed with a motion by Brian Courtney and a second by Donna Moir. Greg Howard Yes, Matt Wilhoite Yes, Jim Demler Yes, Damon Kelley Yes, Gavin Washington Yes, Brian Courtney Yes, Michael Phillips Yes, David Zuberer Yes, Randy McCallon Yes, Claudette Herald Yes, Brandy Carver Yes, Noel Crum Yes Chuck Mullins Yes, Donna Moir Yes, Jeremy Roach Yes, Terry Yeast Yes.

Competition Rules

Results of Diving Survey and Action

After a vote of 29-14 by schools that currently offer diving, the Association will request permission from the NFHS to experiment with a rule that would adopt a 6-dive format rather than the current 11-dive format for postseason competition.

Motion Passed (16-0):

Accept the report with a recommendation that the Commissioner be authorized to request experimental rules approval from the NFHS for the diving experiment passed with a motion by Terry Yeast and a second by Jeremy Roach. Greg Howard Yes, Matt Wilhoite Yes, Jim Demler Yes, Damon Kelley Yes, Gavin Washington Yes, Brian Courtney Yes, Michael Phillips Yes, David Zuberer Yes, Randy McCallon Yes, Claudette Herald Yes, Brandy Carver Yes, Noel Crum Yes Chuck Mullins Yes, Donna Moir Yes, Jeremy Roach Yes, Terry Yeast Yes.

Revisions in Tennis Tournament Format

The Commissioner and staff spent a segment at this year's regional meetings briefing the schools on the problems that have been occurring at the state tennis tournament for the past several years. All of these are related to the logistics of hosting a tournament of this size, which is rare in the country. In fact, as we have studied over the past several years, we are the only state that attempts to have a full 64-person bracket in each of its four tennis tournaments, for both singles and doubles, and for both genders.

This places a premium on facility needs at a time when tennis facilities are being reduced and pickleball and other alternatives are taking up the space. At our own state site, which has hosted the tournament for decades, many of the open-area tennis courts have now been replaced with additional parking and/or other structures. The problem has been exacerbated in a couple of the last two tournaments, where we've had a significant amount of rain, and the lack of indoor courts for scheduling also causes problems.

As we discussed with the member schools, the time has come to consider changes to our tournament format to better match facilities, while also maintaining opportunities for students to participate after advancing from the region.

It is also worth mentioning that the timing is right for such a change, as the expansion from 32 to 48, and ultimately 64 competitors, was largely based on the way the team championship was decided. By aggregating points won by individuals from a school in matches, it certainly rewards

schools that can field full singles and doubles teams and participate in the larger tournament with more points available.

The change in the way we do seeding should also be mentioned, as it now makes it much easier to consistently rank, which plays a significant factor in the smooth execution of a tournament, regardless of its size.

This proposal would create a first-round state event similar to recent changes in the sports of golf and swimming & diving, that would follow the existing regional events.

The number of qualifiers from regional tournaments to state tournaments will remain unchanged, as each region will continue to advance its champion, runner-up, and semifinalists in each division. Increasing the number of qualifiers from region to state was considered, but this would significantly impact the first-round state events, likely making them two-day events, which would add travel and financial burdens for member schools. The format would create sixteen entrants in brackets at the state first round.

The first-round state events will consist of four sites, with four regions at each site (Regions 1-4, 5-8, 9-12, and 13-16), as illustrated in the attachments. Sixteen singles/doubles entries will compete at each first-round site, and seeding will be carried out to eight places at each site (1, 2, 3, 4, 5-8). A draw will be conducted to fill the remaining spots in the bracket. To protect teammates from playing each other, they will be restricted from being placed in the same quadrant. This "protection" of the seeded players would strike the necessary balance to help maintain the integrity of regular-season play and regional play.

Each quadrant of four will produce one singles/doubles entry that advances to the final round event in Lexington. The brackets would not be played to completion, as a singles/doubles entry will only need to win two matches in its quadrant to advance to the final round. This format should be able to be accomplished in one day, provided the facility has a minimum of eight courts and again, protects the seeding integrity throughout the process.

Those who advance to the final event in Lexington will then be re-seeded by the KHSAA committee. This proposal includes a change to the seeding procedure, as the final 16 entries would have eight seeds, similar to the first-round events (1, 2, 3, 4, 5-8).

There are no changes proposed to the KHSAA Team Tennis Tournament, as the 16 regional champions will continue to advance to Lexington for a two-day event.

The state first round would be slotted into the current singles/doubles week, giving these locally held tournaments some, but not complete, flexibility to work around conflicts in late school year events that sometimes have hampered those individuals who had to make long statewide trips for the state tournament on those days following Memorial Day.

The state tournament for singles and doubles could be played in two days, followed by the team tournament for two days, eliminating many of the facility issues while at the same time allowing for more flexibility in the event of inclement weather. The current plan is to host that event as early as possible during the week previously reserved for the team tournament, and make every attempt to avoid conflicts with as many rounds of other state events as possible. However, it should be noted that conflicts with other KHSAA events or other tennis events are likely unavoidable.

Motion Passed (16-0):

Accept the report and approve the change in the state Tennis Tournament for singles and doubles and direct final material and plans to be brought to January meeting for review passed with a motion from Jim Demler and a second by Brandi Carver. Greg Howard Yes, Matt Wilhoite Yes, Jim Demler Yes, Damon Kelley Yes, Gavin Washington Yes, Brian Courtney Yes, Michael Phillips Yes, David Zuberer Yes, Randy McCallon Yes, Claudette Herald Yes, Brandy Carver Yes, Noel Crum Yes Chuck Mullins Yes, Donna Moir Yes, Jeremy Roach Yes, Terry Yeast Yes.

Lacrosse End of Game Procedures, Overtime and Margin

At the July meeting, the staff brought the issue of the lacrosse end of game procedures to the Board of Control for review. Multiple membership inquiries had asked for clarity on overtime policy. Much of the rule book cites "league" rules for the clarifications, so a standard answer (as was implemented for soccer) was requested. At that time, the Board approved the recommendation to mirror the soccer end of game procedures and eliminate that practice during the regular season other than seeded district contests.

The Commissioner and staff agreed at that time to continue reviewing the data available as this rule headed toward spring 2026 implementation. Following discussion with a great many states that have had lacrosse for more than a year, we received a good deal of suggestions about the process. And while the quality and clarity of the rules books for lacrosse do not necessarily meet the normal NFHS standards, it was determined that we should more carefully review the frequency of this occurrence over a longer span of time than one season before implementing the change.

Therefore, the request is to delay the implementation of this change and issue guidance to the membership as to how the end of game procedures should be implemented across the board. This review will not only encompass how many overtime contests are played, but also continue to study the margin of victory and potential sportsmanship issues around scores.

Motion Passed (16-0):

Accept the report and delay the implementation of the change related to end of game procedures and collect data on overtime contests and margin of victory for future consideration passed with a motion by Claudette Herald and a second by Donna Moir. Greg Howard Yes, Matt Wilhoite Yes, Jim Demler Yes, Damon Kelley Yes, Gavin Washington Yes, Brian Courtney Yes, Michael Phillips Yes, David Zuberer Yes, Randy McCallon Yes, Claudette Herald Yes, Brandy Carver Yes, Noel Crum Yes Chuck Mullins Yes, Donna Moir Yes, Jeremy Roach Yes, Terry Yeast Yes.

Approve Minutes, September 2025 Board Meeting

Motion Passed (16-0):

Approve the minutes of the November meeting passed with a motion by Randy McCallon and a second by Terry Yeast. Greg Howard Yes, Matt Wilhoite Yes, Jim Demler Yes, Damon Kelley Yes, Gavin Washington Yes, Brian Courtney Yes, Michael Phillips Yes, David Zuberer Yes, Randy McCallon Yes, Claudette Herald Yes, Brandy Carver Yes, Noel Crum Yes Chuck Mullins Yes, Donna Moir Yes, Jeremy Roach Yes, Terry Yeast Yes.

For the Good of the Order

Adjournment

Motion Passed (16-0):

Passed with a motion by Terry Yeast and a second by Noel Crum. Morning. I wanted to confirm, as I previously mentioned to Michael and Claudette, that you all have this information before we post it on the agenda system.

As I mentioned to Claudette this morning, obviously, some people have changed their minds about their original thoughts, but you all need to draw your own conclusions. But I wanted you to have this well before the Board meeting.

All 19 schools responded.

This will be posted on the agenda system sometime today.

Used the following prompt and plugged into ChatGPT 5.0 when I got back. All of this is unedited from ChatGPT -

Divide the following addresses into four balanced groups based on travel distance between schools, No group has fewer than 4 or more than 5 schools, logical regional clustering for travel or schedule purposes North Oldham High School, 1815 South Hwy 1793, Goshen, 40026 Oldham County High School, 1150 N Highway 393, LaGrange, 40031-0187 South Oldham High School, 5901 Veterans Memorial Parkway, Crestwood, 40014-0549 Anderson County High School, 1 Bearcat Drive, Lawrenceburg, 40342-1398 Collins High School, 801 Discovery Boulevard, Shelbyville, 40065 Cornerstone Christian Academy, 3850 Frankfort Road, Shelbyville, 40065 Shelby County High School, 1701 Frankfort Road, Shelbyville, 40065-9451 Spencer County High School, 520 Taylorsville Road, Taylorsville, 40071-0158 Woodford County High School, 180 Frankfort Street, Versailles, 40383-1149 Carroll County High School, 1706 Highland Ave, Carrollton, 41008-9601 Eminence High School, 254 W Broadway St, Eminence, 40019-1110 Gallatin County High School, 70 Wildcat Circle, Warsaw, 41095-0146 Henry County High School, 1220 Eminence Road, New Castle, 40050 Owen County High School, 2340 Highway 22 East, Owenton, 40359-9804 Trimble County High School, 1029 Highway 421 N, Bedford, 40006-9802 Grant County High School, 715 Warsaw Road, Dry Ridge, 41035-9407 Simon Kenton High School, 11132 Madison Pike, Independence, 41051-9265 Walton-Verona High School, 30 School Rd, Walton, 41094-1000 Williamstown High School, 300 Helton Rd, Williamstown, 41097-9505

ChatGPT said:

Thought for 40s

Here's a clean, travel-sensible 4-cluster setup (5/5/5/4) that keeps nearby counties and corridors together:

Group A – Northern I-75 Corridor (4)

- Simon Kenton (Independence)
- Walton-Verona (Walton)
- Grant County (Dry Ridge)
- Williamstown (Williamstown)

Group B – I-71 / Ohio River & Henry Area (5)

- Gallatin County (Warsaw)
- Carroll County (Carrollton)
- Trimble County (Bedford)
- Henry County (New Castle)
- Eminence (Eminence)

Group C – Oldham/Shelby Core (5)

- North Oldham (Goshen)
- Oldham County (La Grange)

- South Oldham (Crestwood)
- Collins (Shelbyville)
- Shelby County (Shelbyville)

Group D – Bluegrass / US-127 & KY-55/60 (5)

- Anderson County (Lawrenceburg)
- Woodford County (Versailles)
- Spencer County (Taylorsville)
- Cornerstone Christian Academy (Shelbyville)
- Owen County (Owenton)

Why this works:

- Keeps the NKY I-75 schools together (short trips).
- Groups the I-71 river counties with Henry/Eminence (tight cluster).
- Pairs the three Oldham schools with nearby Shelbyville schools.
- Forms a Bluegrass cluster linking Lawrenceburg–Versailles–Taylorsville, with Owen and a Shelbyville school to balance count and mileage.

If you'd like, I can swap a Shelbyville school between Groups C/D to fine-tune specific schedules without breaking the geography.

Cc: "tj.wesselman@owen.kyschools.us" <tj.wesselman@owen.kyschools.us>

Wanted to follow up and provide an update on our meeting this morning. We considered 6 proposals, narrowed it down to a couple and selected one that received the 2/3 votes necessary. The final vote was 13 yay's and 6 nay's for proposal 1. This proposal consists of moving Collins from the 30th to the 29th and Gallatin from the 31st to the 32nd while keeping all remaining members in the their current alignment.

Of course this process generated some very passionate discussions but in the end we were able to come to a decision.

Not for sure the process at this point but we would like to present this proposal to you for consideration.

Please feel free to reach out if there is additional information you need.

Thanks

MIKE MARKSBURY
 Athletic Director/Head Football Coach

District Re-alignment Concerns

1 message

Andrew Cline <andrew@tariangroup.com>

Wed, Nov 5, 2025 at 1:55 PM

To: "claudette.herald@oldham.kyschools.us" <claudette.herald@oldham.kyschools.us>, "jtackett@khsaa.org" <jtackett@khsaa.org>

Good afternoon,

First let me say a thank you to both of you for the services you provide for KY students. I value the work you do, and I don't envy the situations you find yourselves in at times. I too find myself at times in situations I didn't really set out to find when I ran for office as a board member in the Shelby County School District.

I am writing to follow up on a situation that was brought to my attention by many members of our school district's administration and many of my community members. It seems that there has been a decision or a push to adjust the district alignment due to the decision of Cornerstone Christian Academy being added to the 30th district.

I am aware that the 29th district is a 3-school district with the Oldham schools, the 30th district with now 6 schools, and the 31st with 6 schools.

Based on the information I've gathered, it sounds like there has been reasoning provided that "since Collins (MLCHS) is closer to Oldham county, we will be moved to the 29th District".

I have to request you all reconsider this decision. I see it as ill-thought out and the reasoning lacks justification. Here are my thoughts:

1. If vicinity is the true reason for the decision - then I must point out that Eminence and Henry county both are closer to Oldham than Collins high is to Oldham schools.
2. If CCA is the new school that we aren't even sure they will have enough to compete for years to come, then maybe they should be forced to travel to Oldham to help even out the district numbers?
3. If we have Woodford County traveling thru Franklin County and passing other districts, for some reason, to come take part in a now 6 school district, maybe they should be moved to a closer district to help alleviate travel costs associated and travel times that place burdens on the families and players?

I can see so many other ways of handling this that would disrupt our school district and split us away from competing with schools that are closest in vicinity.

I hope you will reconsider and look for better alternatives for the sake of our community, our student athletes, and our school district.

I totally understand the desire to balance out the numbers associated with district tournament competition. I do not understand the concept of cherry picking MLCHS/Collins to be the one to be the one school identified to move. There are others that make more sense.

If you are unable to consider this, I at least ask for a detailed response that gives me the insights as to why MLCHS is the one chosen to be affected by CCA's add to the KHSAA.

I have been a coach. I am a retired athletic trainer. And I am a current board member. I feel as though I have a pretty balanced approach to topics such as this and I just can't seem to wrap my head around the decisions being made.

Thank you for taking the time to read through my requests and point of view.

I look forward to seeing how the Board of Control votes next week. And I look forward to hearing more from you all in relation to this request.

Take care,
Ahc

Tue, Sep 2, 2025 at 7:27 AM

The meeting time and place is 10AM at the Henry County Board of Education. I have copied Derek Tingle, Henry County AD, to address your request on the projector.

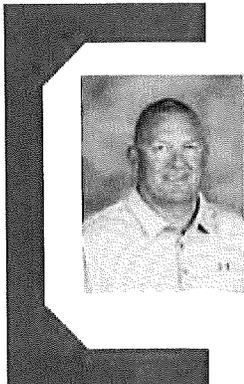

I have you on the agenda, if you would like to plan on being ready at 11AM. We will cover our Policy Board/AD meeting and get that wrapped up by 11AM and turn it over to you.

Address:

1204 Eminence Road
New Castle, KY 40050

It is next to Henry County High School.

Thanks

SCHOOL CHANGES NECESSITATING ADJUSTMENTS

- 2008-2009
 - Randall Cooper High School opens in NKY, placed in 9th Region, 33rd District
 - St. Henry moved from 33rd District to 34th District due to Cooper moving in

- 2010-2011
 - Collins High School opens, placed in 8th Region, 30th district with Shelby
 - Eminence moved to 8th Region, District 31

- 2019-2020
 - Great Crossing High School opens, placed in the 11th region, 41st District
 - Frankfort Christian exits probationary status, placed in 11th region, 41st District
 - Combined moves necessitated moving 11th region geographically extreme school Woodford County into 30th District (closest non-11th region district)

- 2020-2021
 - Trimble County requests to move from 8th Region, 29th District to the 31st District, moving from 4 teams to 6 teams, leaving 3 teams and 6 teams in the districts
 - All 9 impacted schools in those two districts signed agreement to the proposal.

Good morning,

I hope this message finds you well.

We are seeking a consensus vote on whether to move forward with the Super Region Tournament proposal and submit it to the KHSAA Board of Control for a final decision on November 13.

This vote is only on the proposed Super Region format. Each school should cast one vote after gathering input from both the boys' and girls' coaching staffs. A two-thirds majority is required for the proposal to pass.

Thank you for your time and input — have a great day.

[Click here for Region 11 Proposal 2a - October 2025 details and ballot.](#)

Warm Regards,

Mr. Kristian Tyler Junker, CMAA

Region 11 Proposal 2a - October 2025

Proposal for the 11th Region Basketball Tournament

Objective

To enhance the 11th Region Basketball Tournament by securing a premier venue, hiring a dedicated regional tournament manager, and implementing a district and super regional format to align with best practices across the state.

Transition to a District and Super Regional Format

Model:

- Implement a similar format used by the 15th Region and endorsed by KHSAA.
- All teams qualify for the regional tournament.
- District champions receive an automatic bye into the Elite Eight of the regional tournament.
- Remaining teams compete in a preliminary round (Super Regional) to determine the final quarterfinalists.

Benefits:

- Ensures all teams have the opportunity to compete in the regional tournament, promoting inclusion and fairness.
- Provides district champions with a competitive advantage, rewarding regular-season success.
- Increases excitement and attendance for early-round games while maintaining the integrity of the championship rounds.
- Aligns with KHSAA's best practices and standardizes competition formats across the state.
- Larger revenues for all schools, not just the 8 making the regional tournament.

Implementation Timeline:

- Finalize the format details with district representatives and KHSAA by December 2025.
- Communicate changes to coaches, athletic directors, and stakeholders.
- Conduct a trial run in the 2026 tournament to evaluate effectiveness.

Conclusion

By securing a premier venue, hiring a dedicated tournament manager, and adopting a district and super regional format, the 11th Region Basketball Tournament will be positioned as one of the premier events in Kentucky high school basketball. These changes will enhance the competitive experience, increase financial support, and elevate the status of the tournament within the state.

2026 Sample Bracket and Seeding Rules - Boys and Girls

Rules and Guidelines

- District champions get bye to Elite 8. District champions will be the home teams in the Elite 8.
- The draw will determine home/host teams of the rounds prior to the Elite 8.
- District tournaments must be completed and champion decided by the Thursday of district week. For districts with 5 teams, the 5v4 game will most likely need to be played on Sunday of district week.

Draws

- Each round will create a pool to draw.
- Group 1 (4v5 game losers and 1v4/5 game losers)
- Group 2 (2v3 game losers, plus 1 bye from Group 1)
- Group 3 (District Runner Ups)
- Group 4 (District Champions)

Good afternoon,

I hope everyone is doing well.

Below are the results of Proposal 2A. Thank you to everyone for taking the time to discuss this with your coaches, think it through carefully, and return your votes.

With this outcome, we will move forward with the tournament as we have done in the past.

Final Count	
Yes	No
11	8
58% of vote	42% of vote
Does Not Pass 2/3	

Two quick adjustments will be reviewed and approved at our November 12th meeting, now that we have a tournament manager in place and final tournament format plan:

- Moving the entire tournament to EKU for all rounds (Quarterfinals, Semifinals, Finals)
- Slightly adjusting the financial breakdown to reflect the anticipated sponsorship revenue associated with the dedicated tournament manager

Thank you again for your time and collaboration.

Thanks for the feedback, Dr. Matthews. Right now, it is somewhat in the hands of the member schools in the 8th, and we can see if they reach any type of firm consensus. I know they all agreed to share proposals, etc., and I am not aware if this thought has been shared with them. Either way, if they do or don't have a consensus, it has to come back before the Board of Control in November for action, and we will make sure this thought is shared as well. Let's see what their proposed resolution is, and then I can get back with you on any potential other opportunities for input.

Appreciate you taking the time to share these thoughts, and best of luck going forward with the academic year.

Mr. Tackett,

I hope this email finds you well. I have copied the SCPS Board of Education Chair, Joanna Freels, Vice Chair, Andrew Cline, and Senator Aaron Reed.

It has come to my attention that a proposal is being considered to move Martha Layne Collins High School out of the 30th District and place it in the 29th District, thereby separating our two high schools into different districts. This adjustment appears to be connected to Cornerstone Christian Academy's entry into district competition in selected sports.

At present, the 30th District consists of five teams. The addition of Cornerstone Christian would result in a six-team district. Based on my 18 years of experience coaching at both the high school and collegiate levels, and drawing upon the 30 years my father spent coaching high school basketball in Kentucky, I can state with confidence that a six-team district presents no greater scheduling or seeding difficulties than a five-team district.

If the ultimate goal is to preserve a five-team district format, the proposed realignment raises serious concerns. It is not logical to require Wofford County to travel through Franklin County in order to compete in the 30th District while simultaneously assigning Collins to the

29th District to compete with Oldham County schools. Such an arrangement is inefficient from a financial perspective due to increased travel costs, detrimental to student well-being due to later return times on school nights, and harmful to attendance and community engagement.

By contrast, including Cornerstone Christian in the same district as Shelby County High School and Collins High School provides a far more reasonable solution. All three schools are located within the same community, ensuring reduced travel demands, improved attendance, and stronger support for student-athletes.

For these reasons, dividing Shelby County's two high schools into separate districts is not in the best interests of our students and should not be considered an acceptable option. I worked with our Athletic Director, Kate Tucker, to propose possible solutions. I am copying her thoughts on how the issue can be resolved.

Here is what Collins would like to see for district realignment.

1. Keep [6] teams in 30th district.

- *Cornerstone only has (3) sports participating in 8th region. But (4) additional sports have to make district adjustments for a school that doesn't even play those sports.*
- *Baseball, softball, girls soccer & boys soccer are being asked to realign and Cornerstone doesn't play a factor.*
- *That leaves more actual sports being affected than Cornerstone brings to championships.*
- *We are not guaranteed Cornerstone will stick around. If we decide on new districts and Cornerstone realizes the KHSAA isn't for them - they can pull out and we are left with movement that was unnecessary.*
- *Wait until Cornerstone gets settled - experiences games and tournaments - and make sure its a good fit before we start turning over the apple cart.*

2. Move Cornerstone to 29th District

- *The open spot for additional teams is available in 29th district.*
- *New school to the party can take the slot that's open.*
- *Oldham County schools are welcoming Cornerstone joining their district.*

Respectfully,

<Outlook-2y32bbhc.png>

RE: Concerns Regarding Proposed District Realignment and the Placement of Martha Layne Collins High School

Mr. Tackett:

I am writing to you regarding the proposed district realignment that would remove Martha Layne Collins High School from the 30th District and place it in the 29th District. As the state senator representing Shelby County, and in close consultation with Superintendent Josh Matthews and local education leaders, I want to share strong concerns about this proposal and its impact on students, families, and our community.

At present, the 30th District consists of five teams. With the entry of Cornerstone Christian Academy, that number would increase to six. Based on the experience of our coaches and administrators, a six-team district presents no greater scheduling or seeding difficulties than the current five-team structure. Separating Shelby County High School and Collins High School into different districts would create unnecessary hardships with little tangible benefit.

Key Concerns:

- Travel and Logistics:** Moving Collins High School to the 29th District would require Shelby County teams to compete with Oldham County schools while schools like Woodford County would be forced to travel through Franklin County to remain in the 30th. This arrangement increases travel costs, lengthens student travel times, and negatively impacts student well-being, particularly on school nights.
- Community Engagement:** Keeping both Shelby County high schools together in the same district with Cornerstone Christian is a more logical solution. All three schools are located in the same community, which promotes stronger attendance, greater local support, and healthier community engagement.
- Impact on Multiple Sports:** Cornerstone currently participates in only three sports at the 8th Region level, yet their entry is prompting proposed adjustments that affect four additional sports (baseball, softball, girls' soccer, and boys' soccer) in which Cornerstone does not compete. This disproportionately disrupts existing programs compared to the scope of Cornerstone's actual participation.
- Stability and Commitment:** There is no guarantee that Cornerstone will remain long-term within the Kentucky High School Athletic Association (KHSAA) competition. If they choose to withdraw after realignment occurs, the unnecessary upheaval to districts will already have taken place, leaving schools and students to deal with the consequences. It would be prudent to allow Cornerstone to establish itself fully and demonstrate staying power before altering district structures.
- Alternative Path:** The open slot for additional teams in the 29th District makes it the most natural home for Cornerstone. Oldham County schools have already expressed their willingness to welcome Cornerstone into that district, making this option the least disruptive and most practical.

Mr. Julian Tackett, Commissioner
Page Two
September 23, 2025

For these reasons, I respectfully urge the KHSAA Board of Control to reconsider the proposed realignment that separates Shelby County's two high schools. It is not in the best interests of our students, families, or communities. A better solution is to keep both Collins and Shelby County High Schools together in the 30th District while either temporarily accommodating Cornerstone within that district or assigning them to the open slot in the 29th District.

Thank you for your time and careful consideration of this important matter. I trust the Board will prioritize the needs of Kentucky's student-athletes and ensure that any district changes strengthen rather than weaken our local communities.

I look forward to your thoughts on the letter.

Respectfully,

Get Outlook for iOS**From:** Tillett, Jason R. <jason.tillett@jefferson.kyschools.us>**Sent:** Tuesday, November 11, 2025 2:06:02 PM**To:** Otten, Christy <christy.otten@gallatin.kyschools.us>**Subject:** District Move

Hello. I was asked to provide my input as a former Athletic Director in the 31st District while at Eminence for six years in regard to the redistricting of Gallatin County to the 32nd district.

I am sure you are aware this all originally began with Trimble Co. requesting to be moved from the 29th district to the 31st. The move was based on athletic competition and program longevity. Trimble Co. was not being athletically competitive verses the three Oldham Co. Schools. Individually and collectively. Oldham Counties overall student population size was significantly larger and thus afforded them greater student-athlete numbers to draw from. As such it created an unfair athletic advantage to the larger Oldham schools. This directly impacted Trimble Co.'s ability to grow and foster winning athletic programs that the community and student-athletes supported. Athletic participation was in decline. After numerous proposals and request by Trimble County and the 8th Region BOC, the proposal was heard, voted upon and approved. During this proposal and vote it was nearly unanimous, and one of the key assurances was that the member schools of the 31st District would remain intact as is.

Now, a proposal has been made to move Gallatin Co. Out of the 31st and place them in the 32nd District with 5A Grant Co. and 6A Simon Kenton. Moving Gallatin up from a small 1A school to compete against 5A and 6A schools will have the same negative impact on its athletic program that Trimble Co. faced in the 29th district. Student-athletes will stop participating. Community support will wither, and overall financial stability of their athletic program will be becoming an increasing burden on the school and district.

While I was at Eminence and now. I firmly believe that keeping the 31st District at six teams is in the best interest of all schools involved. I believe that the 31st District is possibly one of the best equally competitive districts for small 1A-3A school in the State. I fully support Gallatin County remaining in the 31st district.

<claudette.herald@oldham.kyschools.us>

Cc: "Arvin, David" <david.arvin@gallatin.kyschools.us>

Dear Board of Control Members,

My name is Christy Otten and I am the Athletic Director and Designated Representative for Gallatin County High School. I am emailing you today regarding the 8th Region re-alignment proposal that has been presented to you. This proposal, in my opinion, is not an accurate representation of the desires of the 8th Region as a whole.

Before I get into all of that, I want to express my desire to fight for GC and the 31st District. I ask that you leave the 31st as it currently stands. We are a 6-team district because we chose to be. When it was presented to the BOC to move Trimble County, each of the 31st schools were polled individually, and all responses were similar. Everyone was 100% in agreement with moving them to our district, as it made sense demographically, educationally, and geographically. We all fully understood their perspective and could appreciate Brent's dilemma. We felt it was in the best interests of Trimble County and its athletes. However, part of that agreement was that we were ensured that none of the current schools would be moved out due to this decision. I feel that this agreement should be honored until there is a statewide re-alignment. The current proposal in front of you does not honor that agreement.

The 31st District AD's have spoken on numerous occasions about our desire to remain a 6-team district. We enjoy it! Gallatin County has been in the 31st since the 1930's, along with Carroll County. We have one of the oldest rivalries in not only our region, but the state. I am not sure on the exact year of the other schools, but I know that Henry County and Owen County have been members for years. The rivalries that we have built amongst our little schools would rival any of those that the bigger schools have. Our bleachers are packed every time we play each other, regardless of the sport. With being a district of smaller schools, the rivalry games between us are how we generate a lot of our revenue. If that is taken away from us, then the entire district suffers.

I implore you to please honor the agreement from 2020-2021 and leave the 31st as a 6-team district.

When the 8th Region ADs met to go over the proposals that had been submitted and then vote, not one of the 5 or 6 proposals presented received a majority vote. (13-6) We discussed each of the proposals separately and then voted on each to decide if they had merit, and to narrow them down as much as possible. We were able to narrow them down to two proposals....the proposal that you see before you and a proposal that left the 31st as a 6-team district. We then discussed these two proposals again and voted on each separately for a second time. When that happened, the proposal before you received an 11-8 vote, I believe and the other proposal received a 10-9 vote. It was very much split.

We then had a discussion regarding the fact that it was felt that it would look better to the BOC if we were able to send them something. It was also implied that we had to fix the 3-team district and both 6-team

districts or you, the BOC would do it for us. It was decided that the proposal before you would be sent (although it only received one or two more votes than the other one) if there was a majority vote to do so. We then voted yes or no to send a proposal to the board. That is when the 13-6 vote occurred. The 13-6 vote was for sending a proposal vs. not sending one, not for the proposal itself. Again, not one of the proposals presented at the meeting received a majority vote!

I would ask that you strongly consider rejecting the proposal before you and looking at what is best for the Region as a whole, and not just a competitive edge for a few. The 31st District fits together perfectly, and it would be a shame to break that up now. Thank you for your time and consideration in this matter.

Sincerely,

Christy Otten

Subject: Re: notes for board of control

Please forward my letter to Julian Tackett and the members of the board of control. I have been involved with Gallatin County athletics for over 30 years as a teacher, principal, athletic director and coach.

Dear Board of Control,

The Athletic Directors of the 8th region have made a proposal to you regarding adjustments to the districts to make them more equitable. I am asking you to reject this proposal. My reasoning is as follows:

1. The current alignment of the 31st district is far more equitable than the proposal. The existing members of the 31st district were asked to accept Trimble County into their district a few years ago. The members were polled individually but the response was similar from each member school. We appreciate the predicament of Trimble County, and as small schools within the region, we are willing to accept Trimble County into our district, forming a 6 team district, as long as none of us are moved out as a result of this accommodation. I believe you can talk to Kirby Smith and he will reaffirm this statement. We have honored our end of this agreement and now the proposal will ask you to move Gallatin out of the 31st district. I would ask you to poll the ADs of the 31st district and see if they are still willing to continue this agreement. I believe the original plan should be honored until there is a statewide realignment.
2. The problems of the 29th and 30th districts are separate from the 31st. How you resolve the 3 team district and the other 6 team district should be resolved from shifting a school or schools from the 30th to the 29th.
3. The 31st district needs to remain the same for athletic, demographic and educational reasons. These six schools share membership in OVEC. They share membership in a vocational school. They share membership in the ILEAD Academy. They share co-op opportunities within this area. They generally have the same academic calendar. Snow day policies are very similar. All six schools are rural schools of similar size. Most of the students within these six schools will likely work within this district for most of their lives in the US 42 corridor. Moving any school out of this district will have a negative effect on the school and the students of the six member district.
4. The impact on sports other than basketball will be significant. The rural schools have limited access to volleyball facilities, soccer fields and baseball parks. It is very difficult for any of the smaller, rural schools to compete with the larger urban schools in these sports.
5. I appreciate your desire to get input from the individual athletic directors but I think you received a response that is somewhat predictable. Each athletic director is an employee of their respective school and they will vote in a manner to protect the interests of their school. No blame is assigned to anyone for this. Our AD voted in our interest as well, but the point is this, this is an issue that should be resolved by an independent body. Thus, it is a policy board issue.

Thank you for your time and consideration as you make this difficult decision.

Jon

You don't often get email from rmorris@gallatinky.org. Learn why this is important

See attached some notes (pay no attention to the grammar) I made for discussion and letters for KHSAA

In my efforts to get email addresses for each member of the board of control see the response below from Commissioner Julian Tackett

There is not a published email listing due to so many issues with spam and malware in so many of their districts. But we will gladly ensure that anything you would like to send, we can forward to each of them. Glad to help.

Dear KHSAA Board of Control Members

I am writing on behalf of the Gallatin County Community. I am requesting that you reject the proposal from the 8th Region Athletic Directors to remove Gallatin County from the 31st district. Gallatin County has maintained long-lasting rivalries with other schools in the 31st District. We align with these schools in tradition, demographics, community engagement and geography.

The six teams that make up the 31st district not only share membership in OVEC, and other educational similarities, they also share membership in the Kentucky I-71 Economic Development Alliance or KIEDA. KIEDA is a partnership of Carroll, Gallatin, Owen, Oldham, Trimble and Henry counties. KIEDA works to align our communities with the same goals and objectives as it relates to Education opportunities, job opportunities, housing, and development. It just makes sense that these schools and counties remain together in nearly every aspect. We collectively work to make the Future 42 program a reality for high school graduates, where they can be inserted into highly skilled highly paid careers.

The 31st District was asked in the 2020-2021 school year to accept Trimble County from the 29th District. This was agreed upon by then members of the 31st district with an understanding that the other member schools would not be moved out due to creating a six-team district. I respectfully request that the original agreement be honored, thus keeping the 31 District intact until a state realignment is completed.

Thank you for your time and consideration as you take on this important task.

Jon Ryan Morris
Gallatin County Judge Executive

Subject: Support for Gallatin Remaining in 31st District

To whom it may concern,

I hope this message finds you well. I wanted to express my support for Gallatin County remaining in the 31st District.

A few years ago, when I became Athletic Director at Trimble County, I worked hard and formally requested to the Board of Control that we be moved from the 29th District to the 31st District, thus creating a six-team district. At that time, all schools affected by the change were supportive and agreed that the move made sense both competitively and financially.

The 29th District consisted of three much larger schools than ours, and as a small Class A program, our games against them were difficult to compete in and didn't draw much community attendance. That lack of competitiveness hurt both our gate revenue and our athletes' confidence. It created a defeat mentality that we've worked hard to overcome in recent years.

Since joining the 31st District, the change has been nothing short of positive. Our athletes have been able to compete on a more level playing field, and the rivalries between the district schools have created great community excitement and strong attendance. Each game, no matter the matchup, brings fans from all schools, which benefits every program involved.

When the Board of Control approved the original move, it was nearly unanimous, and one of the key assurances was that the member schools of the 31st District would not be moved. I still firmly believe that keeping the 31st District at six teams is in the best interest of all schools involved, and I fully support Gallatin County remaining as part of our district.

Thank you for your time and for all that you do for student-athletes across the state.

Sincerely,

Brent Taylor

Athletic Director

Trimble County High School
