Winter Bowling

**Positive Developments
and Highlights**

We wrapped up the state bowling tournament on February 11th at Kingpin Lanes. Although inclement weather disrupted the regional rounds, we were able to complete the state tournament as scheduled.

Congratulations to our state champions: Trinity claimed both the Boys Team and Boys Individual titles. Pleasure Ridge Park captured the Girls Team championship, while Boyle County won the Girls Singles title. Jeffersontown earned the Adapted division championship, and Meade County took home the Unified division title.

**Issues of Concern
(legal, playing Rules,
fiscal management,
etc.)**

There continue to be concerns about the size of some regions and lack of facilities. This will be something we may need to review before next year.

**Championship
Update/Review**

A big thank you to John McCarthy and Kingpin Lanes for once again being great hosts. They have a first-class facility and are fantastic partners to work with in making this event a success.
