BACKGROUND AND RATIONALE:

FCPS has need for services of professional and specialized automotive repair parts vendor(s) to support the district buses. In addition to various repair parts, specialized vendors are required for brakes for the buses. This bid provides pricing from vendors to purchase the brakes necessary to repair the buses. Award recommendations are based on the lowest price per line item. Some awards have a primary and secondary award recommendation. On these items the primary award is for brakes that have not been used before by the district so a secondary award has been recommended if the primary award fails to meet expectations of the transportation department.
