<p>Out of 278 students in grades 6, 8, 10, and 12 who completed the TCYSC Student Assessment 2025–2026, 30-day substance use (1–40 times) results were: 252 (94.4%) reported no use, 12 (4.5%) declined to answer, 1 (0.4%) reported marijuana use, 1 (0.4%) reported tobacco/vape use, and 1 (0.4%) reported alcohol use.</p> <p>Increase student knowledge about addiction and provide resources for quitting vaping to interested students, aiming to reduce vaping-related incidents. Progress will be measured by the percentage of students caught with vapes during the year and documented through FRYSC logs of vaping education and treatment services provided.</p>	<p>A. The YSC will collaborate with school administration and volunteers to develop and implement a vaping education program for students who are caught vaping.</p> <p>B. The YSC will work with administration to review and develop a policy for the vaping education program, potentially making it mandatory or strongly recommended for students before returning to mainstream classes from ISAP or alternative placements.</p> <p>July 2026-June 2027; July 2027-June 2028</p>	<p>Key partners include FRYSC, Todd County Schools, students, parents, and the community, Champions, KYASAP, Todd County Health Department, local law enforcement, the SRO, the University of Kentucky Cooperative Extension Service, the AXIS Case Management Program, RPC, and CCC.</p>
