RE: Permission to Apply for Sun Meals Program (aka Summer Feeding Service Program - SFSP)

The Department of School Nutrition Services (SNS) requests permission to apply for and participate in the Sun Meals Program, formerly known as the Summer Food Service Program (SFSP), during the summer weeks of 2026. Sun Meals ensures that children continue to receive nutritious meals when school is not in session. Breakfast and lunch meals are available at no cost to all children under the age of 19 years; these meals will be made available at approved Sun Meal sites in areas with significant concentrations of low-income children. Our department is planning to conduct non-congregate feeding, which will allow children to receive a weekly meal pack; meal packs will include daily breakfast and lunch meal offerings. This request for 2026 includes the need for, at maximum, fifteen (15) kitchen associates, three (3) kitchen managers and substitutes on an as-needed basis for no more than 40 days. Participation in Sun Meals benefits other community programs, such as Right at School of Bullitt County, by providing free meals, thus allowing other program funds to go towards education and enrichment activities.
