OLDHAM COUNTY BOARD OF EDUCATION

CONCERN

We wish to finalize the resident teacher proposal from last month by determining pay and total days for our resident teachers.

DISCUSSION

It was proposed and approved last month that resident teachers would now be employed in Oldham County Schools. As mentioned in the options last month, we wish to pay resident teachers on the daily rate of a long-term substitute teacher. After speaking with the University of Louisville about next steps for the program, attending PD and Opening/Closing day are also important to the resident. This makes the resident teacher contract a 155 day job.

RECOMMENDATION

Approve the pay rate and number of days for resident teachers in Oldham county.
