

Draft - Recommended Changes of Student Support and Behavior Intervention Handbook 26/27

Recommended Change Location (Page #)	Recommended Change Location (Section Title)	Please provide a description of the specific narrative that needs to be removed, edited, or added.	Rationale for change (Why does this need to be changed this year?)
Page 33	Behavior Code Definitions	<p>Add the following language to Violation of Personal Electronic/Telecommunication Device Policy:</p> <p>“This definition also includes any current or emerging wireless handheld technologies or portable information technology systems developed for similar purposes.”</p>	<p>Needed to remain current with advances in technology equipment trends (i.e. meta glasses)</p>
Page 13	Suicide Prevention	<p>1) Date-September 15 is correct, but the law was amended to add a second date of January 15, so a second box should be added or both dates in the box</p> <p>2)The box of the law should be changed to the amended law-remove all and add-KRS 158.039 - Every public school and public charter school shall provide two (2) high quality, evidence-based suicide prevention awareness lessons each school year, the first by September 15 and the second by January 15, either in person, by live streaming, or via a video recording to all students in grades six (6) through twelve (12).</p> <p>3) Remove the outdated paragraph that starts-JCPS also trains fifth-grade students. Replace it with: JCPS trains fifth-grade students in suicide prevention using a curriculum specifically designed for younger students. In 2025, KRS 156.095 was amended to require a four (4) year recurring professional development training schedule that includes all professional development for certified personnel. Within twelve (12) months of initial hire and at least once every four (4) years thereafter, all certified school district employees and public charter school</p>	<p>1, 2, 3-legislative changes 4-incorrect link</p>

		<p>employees must complete at least one (1) hour of high-quality, evidence-based suicide prevention training, including risk factors, warning signs, protective factors, response procedures, referral, postvention, and the recognition of signs and symptoms of possible mental illness. In addition to legislative requirements, JCPS requires all school district employees with job duties requiring direct contact with students to receive suicide prevention training on the same cycle.</p> <p>4) QR code for National Suicide Prevention Lifeline is incorrect-should be linked to https://988.ky.gov/"</p>	
Page 10	Trauma - Informed Care	Please add, "The School Safety and Resiliency Act (Senate Bill 1) was passed by the Kentucky General Assembly in 2019. In pursuant to KRS 158.4416, each local board of education must develop a plan for implementing a trauma-informed approach in its schools." as a footer on the page.	This is the language for the Kentucky Revised Statute. I think it should be at the bottom of the page, like it's listed 9, with the attendance legislation, since it is required by law.
Throughout	Throughout	All job positions in the handbook need to be updated to reflect the current positions in the new organizational chart.
