

ENCLOSURE
April 27, 2026

OLDHAM COUNTY BOARD OF EDUCATION

CONCERN

We wish to grow the number of universities that we partner with for alternate certification.

DISCUSSION

Earlier this year the board approved option 9 as a pathway for candidates who are interested in obtaining a bachelor's degree. The next step in the process is for us to have a formal Memorandum of Understanding with each of the universities in the state that offer option 9 as a degree.

RECOMMENDATION

Approve the attached MOUs which we have collaborated to develop with universities.

Carly Clem, Board Chair

Claudette Herald, Superintendent
