NEGOTIATIONS PROCEDURES

4.1 **Negotiable Items** - The parties agree that their duly designated representatives shall negotiate in good faith with respect to salary, fringe benefits, working conditions, school calendar, and such other items as may be mutually agreed upon by the respective parties. Each party shall select its own representatives.

Good faith requires, among other things, that the Board and the Association be willing to react to each other's proposals in the same fashion as the proposals are submitted by either party. Good faith is also

determined by the totality of the relationship between the teams. If a proposal is unacceptable to one of the parties, that party is obligated to give its reasons. Neither party shall be compelled to agree to a proposal, nor is either party required to make a concession.

4.2 Power to Negotiate - Both parties shall confer upon their respective representative(s) the necessary power and authority to make proposals, consider proposals, make counter-proposals in the course of negotiations, and to reach tentative agreements.

4.3 Closed Sessions - All negotiating meetings shall be closed.

4.4 Meeting Dates - Unless other mutually acceptable arrangements are made by the parties, the date, time, place, and agenda of the next meeting shall be established through mutual consent before adjournment of any meeting.

4.5 Tentative Agreements - All tentative agreements shall be written, signed, and dated by a designated person from each team at the meeting at which the tentative agreement is reached. Signed and dated copies shall be given to each negotiating team.

4.6 Final Approval - When the Association's representatives and the Board's representatives reach tentative agreement on all matters being negotiated, the items will be compiled and shall be submitted to the teachers who are members for ratification and to the Board for official approval.

The Association agrees to consider ratification no later than ten (10) working days following tentative agreement. The Board agrees to consider official approval at the next regularly scheduled Board meeting following Association ratification.

4.7 Impasse - If agreement is not reached within forty (40) days of the commencement of negotiations, either party may declare to the other in writing that an impasse exists and call for mediation.

4.8 Mediation - When an impasse has been declared by either party to negotiations, the Federal Mediation and Conciliation Service (provided by the Federal Government at no charge) shall be requested to appoint a mediator from its staff. The mediator shall meet, as soon as possible, with the parties or their representatives or both, either jointly or separately, and shall take such steps as s/he deems appropriate to persuade the parties to resolve their differences and reach a mutually acceptable agreement. It is understood that this mediation is of an advisory nature only.

4.9 Fact Finding - If agreement is not reached through mediation, either party separately or the parties jointly may request a list of potential fact-finders from the Federal Mediation and Conciliation Service (FMCS), or the American Arbitration Association (AAA). Said list shall contain seven (7) names.

The parties shall set a meeting at a mutually agreeable time and date following receipt of the list. At said meeting, the parties shall attempt to agree upon one (1) name from the list. In the event that the parties cannot agree upon a person, they shall select the

fact-finder by alternately striking names from the list. The party who shall strike the first name shall be determined by a coin flip. The last name remaining on the list after the parties have each struck an equal number of names shall be the fact-finder. If the fact-finder chosen or selected as described herein

above is unable to serve, a new list shall be requested from the FMCS or AAA, and the process of selection repeated.

The purpose of fact-finding is to give a neutral advisory opinion where the parties are unable by themselves, or through a mediator, to resolve a dispute. Where either or both parties call for fact-finding, participation shall be mandatory. The fact-finder shall make such investigation and hold such public hearings as he deems necessary in connection with any impasse, and may use evidence furnished him by the parties or by any other state agency. The conduct of any hearings and investigation shall be the responsibility of the fact-finder, and formal rule of evidence, court procedure and the like, shall not be required.

The investigation, hearing and findings of the fact-finder shall be made as expeditiously as the circumstances permit and the findings shall be in writing and delivered to the parties. After ten (10) working days from the date the recommendations have been delivered to the parties, in the event no agreement has been reached, the fact-finder shall make the findings and recommendations available to the public through news media and such other means as he deems effective.

Jurisdiction of the Fact-Finder

The fact-finder shall be empowered, except as his powers are limited below, to make an advisory recommendation, after investigation, to both parties on issues properly at impasse:

The fact-finder shall have no power to advise or make recommendations with regard to assignment, evaluation, promotion, transfer, termination, or non-renewal of specific employees.

The fact-finder shall have no power to advise or recommend change in any practice, policy or rule of the Board not negotiable under terms of the contract or not properly at impasse.

The fees and expenses of the fact-finder shall be shared equally by the Association and the Board. All other expenses shall be borne by the party incurring them.

Employees taking a parental leave will be entitled on return to a comparable position for which they are qualified. Placement in the same position or the same school cannot be guaranteed.

In all cases where a teacher has been granted any leave for maternity/childbirth, the teacher may not return to work until a statement from the physician has been presented to the Office of the Superintendent which certifies that the teacher is physically able to return to work. by said school district or Board, said compensation shall not be paid to said teacher.

During the period of required absence for such mandated duty as noted above, the teacher shall be paid full regular salary, provided the total amount per diem allowance earned by said teacher, if any, is remitted by the teacher to the school district.

6.7 Jury Duty Leave - When a teacher is subpoenaed for jury service, the Board shall pay the salary of the teacher. The teacher will, in turn, remit any compensation for jury service to the Board. Per Diem allowance for expenses is considered separate and apart from compensation for jury service.

Written request for this leave shall be provided to the Superintendent twenty (20) days in advance of the intended date of leave, and approval shall not be unreasonably withheld. The returning teacher shall also return at the same contract status. Teachers on annual leaves must notify the Superintendent by April 1 of: (1) their intention to return in the fall, (2) their desire to resign, or (3) their wish to extend

their leaves for another year. This extension may or may not be granted.

When a returning teacher is placed in a field or school other than that which was held prior to said leave, he/she shall be given first consideration when a vacancy occurs in the original field or school, provided he/she makes a written request within the posting period for transfer to said vacancy.

6.15 Administrative Leave (with pay) - Administrative leave is an authorized absence from duty without loss of pay and without charge to sick or personal leave time. These actions are taken by administrative order of the Superintendent and are usually for a period not to exceed (3) three consecutive workdays. Such action could be taken when it is necessary that the work of the teacher is interrupted by events beyond the district's or teacher's control or when it is in the public's interest. An example of this type of leave would be a court appearance by a teacher on behalf of the district.

6.16 Unauthorized Leave - Any unauthorized leave shall result in a reduction in pay commensurate with the time taken and may result in other disciplinary action, up to and including dismissal, for the employee affected. Any disciplinary action under this provision shall be in accord with the employee discipline provisions of Article XV.

GRIEVANCE PROCEDURE

8.1 Statement of Basic Principles: The purpose of the grievance procedure is to secure equitable solutions to problems at the lowest possible administrative level.

A. Any claim by the Association or teachers that there has been a violation, misrepresentation, or inequitable application of the terms of this agreement, terms and conditions of employment, and/or any established policy of the Board shall be a grievance.

B. All time limits consist of working days, except when a grievance is submitted fewer than ten (10) days before the close of the current school term. The time limits shall consist of all weekdays. The number of days indicated at each level of the procedure shall be considered as maximum. All meetings shall be held at times mutually agreeable; however, the time limits specified in Article VIII may be extended by mutual agreement of the parties.

8.2 Definitions

"Grievant" means the teacher(s) directly affected by the alleged violation, making the complaint. In cases where an alleged grievance affects two (2) or more teachers in a building, or two (2) or more teachers in a district, the Association may initiate the complaint. In the event that said alleged grievance directly affects two (2) or more teachers in a building, said grievance complaint shall be initiated at the Informal Level as provided herein below. In the event that said alleged grievance directly affects two (2) or more employees in different buildings, any grievance complaint shall be initiated by the Association at the Formal Level Two as provided herein below. Grievances involving an administrator above the building level shall be filed by the Association at Level Two.

"Total Association Grievant(s)" means a grievance has been filed by the executive Board of the Association.

8.3 Structure- Nothing contained herein will be construed as limiting the right of any employee having a complaint to discuss the matter informally with any appropriate administrator and to have the complaint resolved without use of the grievance procedure, provided that the adjustment is not inconsistent with the terms of the Agreement.

In cases where an alleged grievance affects two (2) or more teachers in the district, the Association may initiate the complaint of said grievance up to and including Level Two. Grievances involving an administrator about the building level shall be filed by the Association at Level Two.

8.4 Informal Grievance- Prior to submitting a formal grievance, the aggrieved teacher shall make the principal/supervisor aware in writing and, within twenty (20) working days of the time the grievant first knew or reasonably should have known of the act or condition upon which it is based, informally meet with the building principal or immediate supervisor. When requested by the teacher, a representative of the Association shall accompany the teacher and assist in the informal resolution of the grievance, advising the administration the day prior to the meeting of the grievance plan to be represented.

Within five (5) working days after presentation of the informal grievance, the immediate supervisor shall give his/her answer in writing to the grievant. If the informal process fails to satisfy the teacher or the Association, if the Association is the grievant, the grievance shall be processed as follows:

8.5A Level One: Within five (5) working days of the informal grievance written response, the teacher or the Association may present the grievance in writing to the principal or immediate supervisor for his/her disposition. The grievance must be signed by the grievant on the appropriate grievance form. Within five (5) working days after receipt of the grievance, the grievant shall be provided with the administrator's written response, including the reasons for the decision.

8.5B Level Two: If the grievance is not resolved at Level One, or if no written decision has been rendered within the time limit, the teacher or the Association may, within five (5) working days after receiving the Level One decision, appeal the grievance to Level Two. The appeal shall include a copy of all materials and evidence previously submitted and shall be forwarded to the principal or immediate supervisor involved. The grievant shall submit the written claim signed by him/her, to the Superintendent.

Within five (5) working days of the receipt by the Superintendent of the appeal, the Superintendent, shall arrange a hearing with the grievant and appropriate administrator. Within five (5) working days of the conclusion of the meeting, the grievant shall be provided with the Superintendent's written response, including the reasons for the decision.

8.5C Level Three: Within thirty (30) calendar days of the receipt of the Level Two decision, the Association may, upon written notice to the Superintendent, submit the grievance to mediation.

The parties shall mutually select the mediator and establish a date, time, and a site for mediation. Agreements reached in mediation will be written and signed by all parties. If the mediation does not end in agreement, the Superintendent will provide the grievant with a written response within five (5) working days of the conclusion of mediation.

8.5D Level Four: Within thirty (30) calendar days of the receipt of the Level Three decision, the Association may, upon written notice to the Superintendent, submit the grievance to advisory arbitration. Within ten (10) working days after receipt of the demand for arbitration, the parties shall mutually request from the Federal Mediation and Conciliation Service (FMCS), a list of seven (7) arbitrators.

The parties shall set a meeting at a mutually agreeable time after receiving the list of arbitrators and attempt to agree on one (1) arbitrator. If the parties cannot agree upon an arbitrator, they shall select an arbitrator by alternately striking names from the list, with the Association striking the first name.

The last name remaining on the list shall be the arbitrator. If the arbitrator chosen is unable to serve, the parties shall request a new list from the FMCS and repeat the selection process as described above.

There shall be no new issue, evidence, material, or allegation submitted by either party during the grievance process once a formal grievance is appealed to advisory arbitration.

The superintendent, other administrative staff, Board attorney, and the Association shall meet not 24 fewer than fourteen (14) calendar days prior to the date for any arbitration hearing. At said meeting, the parties will frame the issue(s) or question(s) to be arbitrated, if possible and if agreement is reached, put the issue(s) or question(s) into writing to be signed by each, and submitted jointly at the appropriate time to the arbitrator. In the event that the agreement on the issue(s) cannot be reached by the parties, the arbitrator shall resolve the matter by defining the issue(s), which will be dealt with at the hearing. Only the issues raised during the grievance procedure will be considered at said pre-arbitration meeting.

The fees and expenses of the arbitrator shall be shared equally by the Association and the Board, and all other expenses shall be borne by the party incurring them.

The arbitrator shall hold a hearing as soon as possible. Within thirty (30) calendar days of the date on which the record is closed by the arbitrator, said arbitrator shall submit to both parties his/her recommendation, which shall be advisory only. Said advisory recommendation of the arbitrator shall be in writing and shall be signed by the arbitrator.

In the event either party raises a threshold question of arbitrability, the arbitrator shall first rule on the arbitrability of the grievance.

With such ruling by the arbitrator that the grievance is not arbitrable, the grievance shall be deemed resolved by the answer rendered at Level Two. Neither party shall be permitted to assert any grounds or evidence before the arbitrator, which was not previously disclosed to the other party.

The arbitrator shall be without power or authority to alter, amend, disregard, or modify any of the terms of this Agreement or to make any recommendation which would require commission of an act prohibited by law or which is violative of the terms of this Agreement.

The arbitrator's powers shall be limited to advising on whether there has been a violation of any article or section of this contract or Board policy, and providing a rationale for his/her recommendation.

8.5E Level Five: Within fifteen (15) working days of the receipt of the arbitrator's recommendation, the Superintendent shall provide the Association with a written response on the arbitrator's recommendation.

8.6 Miscellaneous: Superintendent and Administrative Cooperation - The Superintendent and the Administration shall fully cooperate and quickly respond to requests for information made by either party.

At any level of this procedure, the grievant shall have the right to be represented by the Association. At any level of this procedure, the Superintendent shall be represented by the person(s) of his/her choosing.

8.7 No Reprisals - No threats, intimidation, or reprisals shall be taken by the Board or the Administration against any teacher because of the teacher's participation in a grievance.

8.8 Release Time - Should the investigation or processing of any grievance require that a teacher and/or an Association representative(s) be released from his/her regular assignment, the teacher and/or Association representative(s) shall be released without loss of pay and/or benefits.

8.9 Filing of Materials - All records related to a grievance shall be filed and maintained by the Superintendent separately from the personnel files of the teachers and shall be confidential. Neither the teacher, the Association, the Board or any agent of the Board, shall make future use of these records for any purpose or in any manner which would be in any way harmful or damaging to the professional reputation or character of the teacher, except where any such material or records are necessary to the function of routine school matters. If legal action is filed by the teacher against the Board or by the Board against the teacher, these records may be used.

8.10 Grievance Withdrawal - A grievance may be withdrawn at any level without establishing precedent.

ARTICLE IX

EVALUATION PROCEDURES

Responsibility for Evaluation - The evaluation of the work of all teachers is a responsibility of the administration, but the development and any subsequent modification of an appropriate instrument(s) and procedure(s) for evaluation are proper concerns of the total certified staff. All evaluation instruments shall be jointly-developed by an equal number of teachers and administrators, but with no fewer than three (3) representatives from each party to this Agreement. Evaluation of teachers shall be in accord with the procedures set forth in "Kenton County School District Certified Evaluation Plan," which is incorporated into this Agreement. Any changes or modifications in the above mentioned policy shall only be made with the mutual agreement of the Association and the Board. In the event that any provision of the Agreement relating of "Kenton County School District Certified Evaluation Plan" is believed by one or both parties to be in conflict or contrary to any provision of said Policy, the party may request an opinion from the Kentucky Department of Education (KDE). The opinion of KDE shall be binding and, if a conflict is said to exist, the parties shall meet to jointly resolve the conflict.

9.1 All certified personnel will be provided with an orientation to the evaluation process and the criteria for evaluation. All certified personnel will be oriented annually within thirty (30) calendar days of reporting for employment to the evaluation process and criteria for evaluation prior to the implementation of the plan for each school year. Attendance shall be documented.

The immediate supervisor of the certified school employee shall be designated as the primary evaluator. At the request of the teacher, observations by other teachers trained in the teacher's content area or curriculum content specialists may be incorporated into the formative process for evaluating teachers. Only certified administrative and supervisory personnel trained, tested, and approved in accordance with administrative regulations adopted by the Kentucky Board of Education and in the use of the school district evaluation system shall evaluate teachers. Videotaping shall be done at the mutual consent of both parties. Additional administrative personnel may be used to observe and provide information to

the primary evaluator. The Superintendent may designate additional trained administrative personnel to provide evaluations, or to review any evaluation.

9.2 The evaluator shall hold a pre-observation conference with the evaluatee. The pre-observation conference may be through electronic media if it is mutually agreeable with both parties. The evaluator and the evaluatee will discuss the evaluation process at this conference.

9.3 Based on the information from observations and discussions, the evaluator is to rate the evaluatee's performance with respect to the criteria listed on the evaluation instrument.

a. All monitoring or observations of performance of a certified employee shall be conducted openly and with the full knowledge of the teacher or administrator.

b. Evaluation shall include formative conferences between the evaluator and the person evaluated which shall be held within five (5) days following each observation. Formal observations are frequently done for complete lesson analysis, but may pertain to any facet of teaching performance. There shall be at least two (2) formal separate observations, with no single observation lasting less than twenty minutes. Informal conferences and information sharing should take place throughout the formative stage, and during the summative conference. An open and honest dialogue should be established in the formative stage and maintained throughout the entire process. The procedures shall provide for both formative evaluation and summative evaluation and shall include the following elements: The immediate supervisor of the certified school employee shall be designated the primary evaluator. Additional trained administrative personnel may be used to observe and provide information to the primary evaluator. If requested by the teacher, observations by another teacher trained in the teacher's content area or by curriculum content specialists shall be provided. The selection of the third-party observer shall, if possible, be determined through mutual agreement by evaluator and evaluatee. A teacher who exercises this option shall do so, in writing to the evaluator, by no later than February 15 of the academic year in which the summative evaluation occurs.
