This document outlines two proposed alignment options for Class 6A football districts 3, 4, and 5. Each proposal is designed to improve geographic balance and strengthen existing competitive relationships among schools in the Jefferson, Bullitt, and Oldham County areas.
Proposal 1
District 3: Fairdale, Fern Creek, Pleasure Ridge Park, Southern
District 4: Dupont Manual, Male, Saint Xavier, Trinity
District 5: Ballard, Bullitt East, Eastern, Oldham County
Proposal 2
District 3: Fairdale, Fern Creek, Pleasure Ridge Park, Southern
District 4: Ballard, Dupont Manual, Male, Saint Xavier
District 5: Bullitt East, Eastern, Oldham County, Trinity
Rationale
Both proposals aim to create district alignments that more closely reflect the geographic distribution of participating schools. By grouping schools within similar regions of Jefferson County, as well as nearby Bullitt and Oldham Counties, travel demands can be reduced and local rivalries preserved. Additionally, these alignments better mirror existing competition structures in other sports, particularly within the 6th and 7th Region for basketball, where many of these schools already compete against one another regularly.
Under both proposals:
District 3 represents schools located in "southern" Jefferson County.

District 4 represents schools in "central" Jefferson County.
District 5 represents schools in "eastern" Jefferson County and surrounding areas.
These adjustments are intended to enhance consistency across athletic programs while maintaining geographic rivals in district play.
